### Travelogue

The main feature was a travelogue of a recent holiday in Mexico. Mr. Ed Heasman was in charge of the projector and Mrs. Heasman was the commentator.

On December 14th, 1963, Mr. and Mrs. Ed Heasman, their son Dennis and daughter Maria and Mr. Fred Heasman left by motor for a trip through Mexico. They spent a week at Acapulco, Mexico, and here Dennis went deep sea fishing on December 26th and was successful in hooking a sail fish which weighed 149 pounds and was 9 ft. 6 in. in length. Dennis was shown in a picture beside the fish and one of the long fins was mounted and engraved for him to carry home. This was displayed during the evening along with many other interesting souvenirs.

The pictures were both clear and colourful and gave a graphic picture of Mexico with its ancient temples, mountains, large evergreen trees, buildings of all description, a fish hatchery, modern motels, lovely flower gardens; also several scenic pictures of life on a busy day at the market square. Various animals were also shown on the screen.

At the close a few pictures taken by Miss Alice Heasman, of Belleville, when she visited Mexico in the summer months were also very interesting.

Mrs. Jack Bush voiced appreciative thanks to Ed and Isabel for the entertainment and they received a hearty ovation.

A pie-eating contest followed with four couples taking part and the winners were Maria Heasman and Billie Wilhelm.

## The Good Driver

Canada shares with the U.S. a car driving distinction (of sorts) that is not claimed (and not wanted) by any other country.

For many years the Ontario Safety League has been trying with little noticeable success, to persuade people not to drive cars with the left hand holding on to the roof, or the right arm stretched along the seat back. The League now quotes from an article by Stirling Moss — who entered more races than any other driver in history, and won more — in the January issue of Better Homes and Gardens.

"In the 15 years I competed in grand prix races all over the world, I drove for 125,000 miles at top speed — just as fast as I could make the fastest cars in the world go: 145, 170, 200, 250 mph. I've driven 170 mph on ordinary two-lane black top roads for mile after mile. I've probably driven 250,000 miles, on the road in passenger cars. And for every mile of those 375,000, I had both hands on the steering wheel.

Nothing is more stupid than one-hand driving, and as for the common American practice — one sees it almost nowhere else in the world — of driving with one wrist draped loosely over the top of the steering wheel . . . I don't know what to say. If I'd allowed myself to drive with one hand, I'd have been dead a dozen years ago.

When the one-hand driver faces an emergency — a blow-out, a head-on collision, a child on the road, whatever, he's hopelessly handicapped. He will turn the wheel too far or not far enough; the precision of control he needs is completely beyond him; the half-second he needs to get his other hand in operation — more, if he has to bring it in off the car's roof! — will see the emergency over and done with.

The expert drives with his left hand at 10 o'clock — thinking of the steering wheel as a clock face — and his right hand at 2 o'clock. Or alternatively, at 9 o'clock and 3 o'clock. With your hand in this position you have absolute control."

Flattery usually amounts to telling someone exactly what he thinks of himself.

## Do You Remember?

TWENTY-FIVE YEARS AGO

ISSUE MARCH 2nd, 1939

Howe & Hagerman, Belleville, have been awarded the contract for plumbing and heating for the new Post Office by M. Sullivan & Son, Arnprior, general contractors.

The three months' short course in Elementary Agriculture and Home Economics in Stirling was brought to a close Friday with a banquet and presentation of diplomas and prizes.

S. S. McComb, Bonarlaw, died this (Thursday) morning, in his 71st year.

**Local and Personal**

Mr .and Mrs. Ralph Wallace and Anne, Oshawa, were week-end guests of Mr. and Mrs. N. E. Eggleton.

Miss Frieda Thomas returned to Toronto Wednesday after spending a few days at the home of her sister, Mrs. J. E. Salisbury, and Mr. Salisbury.

Fred Houchin, President of the local Horticultural Soicety, is in Toronto attending the Convention of the Ontario Horticultural Association being held in the King Edward Hotel.

**Spring Brook**

Mr. and Mrs. Marshal McCoy and family, of Deloro, have taken up residence in the Village.

Misses Jean and Alma Nickle spent the weekend with Mr. and Mrs. Burton Bateman.

Robert Galloway, of Spring Brook, was injured in a car-bus collision north of Foxboro on Sunday.

**Ivanhoe**

Mr. and Mrs. Will Shaw were guests of Mr. and Mrs. Fred Campbell, Foxboro, on Wednesday last.

## Scouts Hold Handicrafts Display

On Saturday, February 22nd the Stirling Boy Scouts held a demonstration of their handicrafts in the Hatton Block. Scout leader Barry Hewton was in charge and Scouts Bill Baker, Bob West, Allan Duffin and Vernon Cooke attended.

Two campsites of cardboard, representing summer and winter camps, were made by the Buffalo and Rattlesnakes Patrols. Allan Tanner loaned a campfire blanket made of badges that he had obtained by trading with other Scouts from various parts of the world. Bill West also loaned many articles of interest that he brought back from the Jamboree in Greece last year. Many other items were also on display. Coffee was served to the visitors.

It is regrettable that more people did not avail themselves of this opportunity to learn more of Scouting activities.

Special thanks is due to Bob Hatton for making accommodation available and to Allan Wells, Doug Faires, Bill West and Allan Tanner for their help. Scout Leaders Woodbeck, Green and Hewton and the Scouts deserve praise for an excellent job.

**Skating Party**

On Friday evening, February 28th, the Cubs, Scouts, Brownies, Guides and Rangers enjoyed a skating party at the Arena, courtesy of the Legion.

## High School Wins A. T. Neal Challenge Trophy

Last Friday night the Stirling High School Boys' Hockey team defeated Marmora High School 7 to 3 on the latter's home ice. It was the second game in a best two out of three series. Stirling had won the first game in Stirling 6 to 2.

Al Wrightman led the team with three goals and was a standout performer. At the 7 minute mark of the first period Wrightman opened the scoring on assists from Smith and Vandervoort. Five minutes later Mason scored assisted by Pyear. Wrightman hit again at the 17 minute mark assisted by Vandervoort. Peter Bosiak rounded out the scoring in the first period with an unassisted goal. This proved to be the winning goal and it made the score 4-0 at the end of the first period.

In the second period each team scored two goals. Mason again scored for Stirling unassisted and Faulkner scored, helped by Noble and Harris.

In the final frame Sarles set up Wrightman for this third goal to end the scoring for Stirling. Marmora scored once more to mawe the final count 7-3.

At the end of the game the Marmora captain presented the trophy to Stirling captain Andy Faulkner. The boys skated off the ice the proud owners of Stirling's first trophy in three years.

The Stirling Chaps — Andy Faulkner, Doug Potts, Peter Bosiak, Lynn Mason, Kalvin Sharp, Al Wrightman, Dan Harris, Doug Ray, Ken Smith, Doug Bolte, Graydon Rodgers, Barry Pyear, Ross Sarles, Bob Vandervoort, Ted Reid, Bill Bosiak, Bob Morrow, Ray Wellman and John Noble. Coaches: D. Harris and G. Smith.

**Girls Lose**

Before the boys' game Friday the Stirling Girls' Hockey team was defeated by the Marmora girls 1 to 0. It was a good game with plenty of thrills. At one point Stirling had 7 players on the ice and still failed to score or get a penalty. It was fun and the girls thoroughly enjoyed themselves.

The players — Goal, Jayne Doran; Cheryl Utman, Judy Cooney, Barbara Morrow, Beth Fraser, Joyce Cooney, Linda West, Sue Anne Bastedo, Judy Patterson, Eileen Redcliffe, Elaine Vandervoort, Lois Morton, Susan Faulkner, Loraine Shortt, Marilyn Geen and Betty McAdam. Coach: Mrs. McKeown.

The Town of Napanee covers 1,480 acres in the County of Lennox & Addington. The population in 1961 numbered 4,500.

## Mrs. Craig Watson Hostess To Wellman's UCW

Mrs. Craig Watson was hostess to the ladies of Wellman's United Church Women on Tuesday, March 3rd.

The President, Mrs. Omar Dracup, read Acts 17: 28, it being a most appropriate introduction to the meeting. The hymn, "God Reveals His Presence" was sung, after which the Purpose of the U.C.W. was read in unison. Mrs. Gerald Clancy was acting musician.

Mrs. Alfred Akins conducted the worship service centered on prayer accenting that we walk closer with God in our living. The hymn, "What a Friend We Have in Jesus" was sung. Mrs. Howard Wallace read from the Bible Matthew 6: 1-15. The hymn, "My Faith Looks Up to Thee" was sung. Mrs. Akins read the first verse of Psalm 27 and commented on this passage. The hymn, "Happy the Home When God Is There" was sung. Mrs. Akins closed this impressive service with prayer.

The minutes read by the Secretary, Mrs. Kenneth Tompkins, were approved. Correspondence was read. The report on the catering at the sale on Saturday, February 29th, was given by Mrs. Craig Watson. Mrs. Gerald Clancy thanked the ladies for their kind hospitality to the Clancy family.

Mrs. Omar Dracup gathered and dedicated the offering. The roll call, a Bible verse containing the word "prayer" was answered by 16 adults. There were also 2 children in attendance.

Three ladies gave reports on the places visited in Toronto on the bus trip on February 5th. The reports were most interesting. Mrs. Jim Pollock dealt with the visit to the Supply Depot; Mrs. Gerald Russett, United Church House, and Mrs. Byron Seeley, the Victor Home Mission.

Mrs. Kenneth Tompkins gave the report on the annual convention of the United Church Women of the Belleville Presbyterial held at Napanee on February 27th. Mrs. Dracup had presented a questionnaire to the ladies which had been presented at Napanee. This brought interesting replies.

The program consisted of a piano solo, "In the Cross," by Mrs. Gerald Clancy; a vocal solo, "It Is No Secret," with guitar accompaniment, by Mrs. Frederick Beckett; reading, "How Readest Thou?", by Mrs. Douglas Clancy; contest, by Mrs. Kenneth Tompinks.

Mrs. Dracup thanked all taking part at the meeting in any way, those assisting with the catering at the sale and Mrs. Watson for her hospitality.

Dainty refreshments served by Mrs. Watson and her assistants were enjoyed by all while they had a friendly chat.

## In Memoriam

MORRISON — In loving memory of a dear husband, father and grandfather, Arthur Morrison, who suddenly passed away March 10th, 1962

Two years have passed since that sad day,
When one we loved so dearly was called suddenly away;
God took him home, it was His will,
His memory we will always treasure.
—Lovingly remembered by his wife Florence and family. 49-1p

MORRISON — In loving memory of a dear stepfather, Arthur Roy Morrison, who passed away suddenly on March 10th, 1962.

The depth of sorrow we cannot tell
Of the loss of one we loved so well,
And while he sleeps a peaceful sleep
His memory we will always keep.
—Lovingly remembered by Russell, Luella and family. 49-1p

RAY — In loving memory of a dear husband, Percy Ray, who passed a way March 3rd, 1963.

Surrounded by friends I am lonesome
In the midst of my joys I am blue;
With a smile on my face I've a heartache,
Longing, dear Percy, for you.
—Sadly missed by wife Mabel. 49-1p

RAY — In loving memory of Percy Ray, who passed away March 4th, 1963.

We will always remember the way he looked,
The way he spoke and smiled.
The little things he said and did
Are with us all the while.
Far down the lane of memories
The light is never dim,
Until the stars forget to shine
We will remember him.
—Always remembered by Mrs. E. Fox and family. 49-1p

RAY — In loving memory of our dear father, Percy Ray, who passed away March 4th, 1963.

God knew that he was suffering,
that the hills were hard to climb,
So he closed his weary eyelids
And whispered "peace be thine".
Away in the beautiful hills of God
By the valley of rest so fair
Someday, we know not when
We will meet our loved one there.
—Always loved and remembered by Lorne, Karen and grandson Gary. 49-1

RAY — In loving memory of a dear father and grandfather, Percy Ray, who passed away March 4th, 1963.

The rolling stream of life goes on,
But still the empty chair
Reminds us of the face, the smile
Of one who once sat there
Gone from us but leaving memories
Death can never take away,
Memories that will always linger
While upon this earth we stay.
—Sadly missed and ever remembered by daughter Margaret Rose and Bill and grandson Rickey. 49-1

RAY — In loving memory of daddy, the late Percy Ray, who passed away one year ago March 4th, 1963.

What I would give if I could say
Hello Dad in the same old way;
To hear your voice, see your smile,
To sit with you and chat awhile.
So you who have a father
Cherish him with care,
For you'll never know the heartache
Till you see his vacant chair.
—Sadly missed by daughter Gwen. 49-1p

RAY — In loving memory of a dear father and grandfather, Percy Ray, who passed away March 4th, 1963.

We often think of bygone days
When we were all together,
The family chain is broken now,
But memories will live forever.
To us, he has not gone away,
Nor has he travelled far;
Just entered God's eternal home
And left the gate ajar.
—Ever remembered by Ross, Donalda and grandchildren. 49-1p

RAY — In loving memory of a dear father, Percy Ray, who passed away March 4th, 1963.

We little knew when we woke that morn,
The sorrow the day would bring;
For the call was sudden, the shock severe,
To part with one we loved so dear.
—Lovingly remembered by Arnold, Gwen and family. 49-1

It is interesting to speculate on the domestic aftermath of a court hearing reported by the Ontario Safety League. A Missouri judge found that one of his cases was a speeding charge against his own wife. With the remark: "You, of all people, should know better than this." He find her double the customary amount.

## OF MANY THINGS

(By Ambrose Hills)

CLIPPINGS

Somebody said that we live isolated lives, and it is true. Seldom do we get as close as we would like to be with friends, neighbours, or even family.

I know a man who was, throughout his life, inclined to be reticent. He was a very kindly man, generous with his worldly goods, but seldom inclined to be sentimental in his talk. Later I saw the clippings that he had hoarded — quite a lot of poetry among it, too, and I would not have thought of him as a man who saved poetry. We'd known each other many, many years but had never talked about poetry; and yet he had a great love for it, modern and the old classics alike, to judge by the selections he cut out and saved.

I knew a tough truck driver one time who carried more than one inspirational line of verse and prose in his wallet. Once at a lunch counter, one of these clippings fluttered out, was picked up and passed along. There was some kidding by other truckers; but the clipping was returned and more than one asked to have a copy.

Editors of weekly papers often use a little verse or some wisdom from the old philosophers to fill a small bit of space in the corners. I believe they would be amazed if they knew how many of these small squibs were clipped out, and carried for years, to add some wonder and beauty and courage to a life.

So perhaps that's part of the job of a writer or poet — to speak out about things all men think but cannot bring themselves to talk about. If so, it is a worthwhile job indeed.

## High School Boys' Basketball

Last week the boys' basketball teams at the High School ended their season. The Juniors were defeated by Norwood 60 to 39. The Norwood team had already been declared league champions and the local boys gave them a battle until the final quarter.

The season was not as successful for the Juniors as was hoped but Mr. Harris is proud of the boys who always gave their best.

The players in the last game were: Ken Smith (13), Dan Harris (12), John Vreugdenhil (8), Fred McAdam (4), Richard Wagner (2), Don Burkitt and Dennis Gray.

Next week the winner of the R. D. Cooke trophy will be announced.

**Stirling Bantams Win Over Norwood**

The Stirling Bantams defeated Norwood Bantams 22 to 17. Stirling played well the whole game and deserved to win. This victory ended a fine season under coach Mr. Smith. It is hoped the boys continue to play this fine brand of basketball.

The team — Ross McIntosh, Evan Rodgers, Wayne Casselman, Richard Wagner, Bruce Woodbeck, Barry Pyear, Ken Pillen, Brian Cooke and Ray Wellman.

If we make the best of little opportunities we find ourselves more able to accept larger ones.

HOBBY CLUB

Most people have hobbies, but few can work at them full time. Among this lucky few are the permanent members of CBC radio's Hobby Club, heard Saturday mornings on the network. The hour-long show incorporates news and authoritative reports on stamps, coins and cameras as well as other hobby activities across Canada. Seen from left to right examining a 1964 silver dollar are: Irvine Brace (photography expert), Earl Cameron (program announcer), Doug Patrick (authority on stamps), coin collector Sam Solomon, and Hobby Club host and interviewer Percy Saltzman.

ON THE GO IN SNOW

OWEN SOUND — The more the writer travels about Ontario this winter the more impressed I am with the growth in snow sports, particularly skiing. There was a time when a handful of the residents of the province would toboggan or snowshoe, and a dedicated few, usually of European extraction and largely from the Scandinavian countries would go skiing. But native born Canadians have been slow to get on the 'go in snow' bandwagon.

Skiing was introduced to Ontario by pioneer settlers almost 100 years ago. There is documented evidence that the early Canadian skiis were about nine feet long and six inches wide. A Norwegian resident wearing such a pair of skis and carrying a long pole was pictured in February, 1879, in the Canadian Illustrated News. The first Ontario skii nike was reported in 1887, the year in which Lord Frederic Hamilton, ADC, introduced the sport to Ottawa. Andy Ohlgren brought skiing to the Lakehead in 1907. The Canadian Amateur Skii Association originated in 1920. In 1923, Ontario's first recorded association, The Toronto Skii Club was formed. Canada's first skii school was initiated in 1937 and the Canadian Skii Patrolsystem in 1940. Canadian skiiers have contested Olympic events since 1928, and international events since 1936.

Today, Ontario's more than 100 skii resort regions easily reached by way of some 86,000 miles of winter plowed roads and highways are receiving skii visitors in record numbers. In the Collingwood area, often referred to as Ontario's Skii Capital the invasion of skiiers this winter, especially weekenders, has been nothing short of overwhelming. When you realize that just one of the many fine skii resorts at Collingwood recently attracted 10,000 persons in a single weekend recently, it gives one an appreciation of the increasing popularity of winter sports activities.

Persons informed on skiing, the tourist industry, or both, generally agree that Ontario's skii boom got underway about three years ago. Certainly since that time its been in orbit and climbing fast. A look around the Collingwood district bears this out with most everyone on the highway travelling to or from skii resorts. Cars outfitted with skii racks are as common place and pleasantly so are the pretty gals in colourful and tasteful skii garb. Skiiers are a discriminating group and both sexes obviously go in for the best in equipment and skii wear. The same is true of chalets and on this subject the Collingwood area is material for an entire column. Everywhere you look in the vicinity of skii resorts can be found the clusters of chalets with that right out of Switzerland look. In fact the Hollywood film people are missing a bet in not shooting future skii films here in this very area. It could pass on the screen as the Alps without any difficulty what-so-ever. The dress of the skiiers, the chalets, the slopes and the suave skii professionals would look right at home on a motion picture location set. All that would be needed would be the traditional St. Bernard and his familiar keg.

Describing the chalets in this part of the country would call for such adjectives as charming, delightful, mysterious, amusing, luxurious, etc. The chalets I have been noticing are all these things and more. I can't help but be reminded of Disneyland, or of such childhood stories as Hansel and Gretel by these quaint gay chalets with their bright colours, sheer roofs and inviting sun decks. Predominant among them are the striking A-Frame models and the handsome cedar plank or pan abode structures. All are snug and are truly a home away from home for their owners, most of whom come up from Toronto on weekends and at holiday time. Toronto skii shops also are part of the act and many haxe outfitted skii chalets with the latest in fashions and equipment.

To single out one Collingwood area skii resort and label it the best would serve no particular purpose, nor would it be an easy chore. For the fact of the matter is the facilities and supervision at all those I have personally called upon has impressed me most favourably. These would include Blue Mountain Winter Park, Craigleith, and Georgian Peaks at Collingwood, Beaver Valley and Talisman at Kimberley, and at Owen Sound the Bay Motor Hotel Skii Bowl. I have attached Georgian Peaks to Collingwood, but this depends on how you approach it as it is only 2 miles east of Thornbury on Highway 26. Incidently, even for non-skiiers such places as Georgian Peaks, Talisman (a three quarter of a million investment), and Blue Mountain Winter Park are worth driving a distance to see. The latter is operated by the same people that have brought fame and fortune to the Collingwood area through the manufacture of Blue Mountain pottery.

Relible sources reveal that the skiing population in Canada has almost doubled in the last five years. It is also reported that there are now between 700,000 and 900,000 skiiers in Canada. Such figures have more meaning when they come alive in the form of actual skiiers and the Outdoorsman encountered his share this past week. The skii hills of central Ontario are alive with them.

Newspapers in the first 30 years of the 19th century were primarily political organs.

## NEWS FOR THE BUSY FARMER

**FARM CREDIT CORP. USED BY FARMERS**

Good use of Farm Credit Corporation assistance for farmers in Hastings and Prince Edward was revealed in a report issued by the Federal Government's Loan Agency Office in Campbellford.

In these Counties there were 31 loans averaging $10,455. Loans are based on the agricultural productive value and the average farm contained 127.6 tillable acres.

The FCC report said that to the end of November, 1963, lending in Canada from this source was up 24 per cent over the previous year for a total of $102,200,000. The report also said that indications were that the fiscal year will end with $110 million being loaned for the 12 month period.

Ontario loaning was up 22 per cent and already there were indications that there will be a general increase of 10 per cent during 1964.

The FCC believes that this trend in the use of credit by farmers marks a change in attitude of the farmer towards it. A few years ago, the report said, credit was regarded as something to be avoided and farmers took pride in being able to get along without it. However, mechanization and other technological developments in modern farming require greater investment and expenditures, the result being that today's operators must boost their income to meeting mounting costs, says the report.

"In 1900, a farmer fed himself and six other persons. Today he produces enough for his own needs and 25 others. This increase in efficiency is due to advances and because capital is gradually replacing labour. These changed conditions have made credit vitally important."

Farmers discovering that long term mortgage credit can be advantageous after carefully reviewing their position, may want to proceed further, said the FCC. It suggests listing the physical and financial assets and liabilities, consider the various ways to operate the farm, estimate the credit requirements and income expected from each alternative. Probably production and market trends have to be kept in mind when making any decision, it adds.

The FCC has a district Credit Advisor, Mr. J. R. Humphries, whose offices is in the Federal Building, Campbellford. It is open each Thursday. Mr. Humphries will assist Hastings and Prince Edward farmers with their credit problems.

**Can Be Serious**

The statement said that credit used improperly can have serious consequences.

"Some of the common misuses of credit, which is not a substitute for income include paying too much for land and buildings; purchasing unproductive land and livestock or unnecessary equipment; constructing costly buildings that lack convenience and utility; inadequate or unwise use of short and intermediate-term credit in financing productive farming operations."

In the report the FCC says that credit to work profitably, must be supported by efficient operation and management.

"It can be used to purchase productive land and livestock; labor-saving equipment matched to requirements; high-utility buildings and other improvements; essential farm supplies such as good seed, fertilizer, lime and spray.

"It should never be used to cover losses; refinance debts caused by unprofitable farming — unless the weaknesses of the enterprise are corrected."

After 4 nights of bowling in the third quarter the Canadians are leading with 14 points, Legion5 and Bad Boys 4.

Doug Scea has a 222 average for the season so far. Ray Poste is right behind with a 221 average.

## THE BIBLE TODAY

The new depot of The British and Foreign Bible Society was opened in Madrid on December 9, 1963, by His Excellency Sir George Labouchere, Her Majesty's Ambassador to Spain. Since 1956 the work of the Bible Society had been more difficult following the impounding of Scriptures at the Bible Society Depot in Flor Alta.

Several years of diplomatic contacts brought about an agreement between the Spanish authorities and the Bible Society whereby the Society can now officially import Scriptures into Spain and can both publish and distribute them in that country. In March, 1963, agreement was reached on the numbers of Scriptures that the Society wasto distribute.

There were already signs that the Society will be able to exceed these numbers, which by general consent were too small to meet the needs of the 300 evangelical communities in Spain.

The Society's representative in Spain, Don Jose Flores, is to be complimented on acquiring an excellent property and on making it into such an attractive depot.

## UCW Belleville Presbyterial Annual

The second annual meeting of the United Church Women of Belleville Presbyterial convened in Trinity United Church, Napanee, Wednesday and Thursday of last week.

Mrs. R. H. Smithrim, of Trenton, President, presided over all the sessions.

Mrs. K. Lipsey, President of the U.C.W. of Trinity Church and the minister, Rev. Ian Johnston, each extended a cordial welcome to the over 400 delegates.

Mrs. Wm. Aylsworth, Church Organist, presided at the console and Mrs. F. B. Mills, a member of Trinity Church Choir, led the hymn singing. During the evening worhip service led by Mrs. Robert Elliott, of Selby, Mrs. Everett Price was soloist.

Other worship and Bible study periods were conducted by Mrs. Bryson Leslie, of Belleville Bridge St. U.C.W. and Mrs. E. Brown, of Morven U.C.W.

Rev. Alistair Haig, Principal of Albert College, Belleville, and Mr. James Beatty, Q.C., Brampton, with their wives held a panel discussion on the theme "Family Life." Members of this panel are to be commended for the high standard of spiritual values they endeavoured to bring to their audience. They dealt with every age of the family. Their frank interpretations always led to God's will and purpose for the individual, the family, the community and even the world.

Rev. Alistair Haig, in finalizing the discussion, stated that the deepest need of every human being is the need for love. Love is basic in health and wholesomeness.

On Thursday afternoon the Rev. Harry Seeley, of Kingston, outlined the New Curriculum of the United Church. He said the New Curriculum is something you work at instead of something you talk about. The books are to be studied. They are tools to be used — not to be read and filed away in a library. He exhibted a number of these study books and pamphlets.

The Rev. Maurice McLeod, of Marmora, brought greetings from the Belleville Presbytery of which he is Chairman. Mrs. W. D. Weatherhead, Sharbot Lake, President of U.C.W. Conference, brought greetings from that body. Mrs. Weatherhead also made an appeal for full time Church workers, as well as referring to the aim and purpose of the organization "To unite all women" in the total mission of the Church.

Following the Treasurer's report given by Mrs. C. W. Smith, of Belleville, Mrs. R. G. Coulter, Chairman of Finance, presented the 1964 allocation of $33,551.52.

Mrs. Keith Bray, Ivanhoe, Christian Stewardship and Recruiting Secretary, read a letter from the Board of Women of the United Church of Canada, requesting that it be made known throughout the Presbyterial that Short Term Missionaries are required for Overseas Mission Stations. This is a thrilling adventure for dedicated High School Teachers or Graduate Nurses.

The Literature was introduced in a very unique dialogue form by Mrs. Kenneth Weaver, Mrs. G. W. Sine and Mrs. D. Duffin, all of the Stirling area. A supposedly Library where an ardent reader invited a new-comer to stop in with her while she exchanged her books. Result — another "informed" U.C.W. member. There was a splendid display of literature in care of these ladies.

Mrs. Clarence Holmes, Belleville, Chairman of the Nominating Committee, presented the new slate of officers and the Rev. Ian Johnston installed the 1964 Executive and pronounced the benediction.

## SPELL — SHMELL, IT'S BIZNUS WOT'S COUNTING

(Do Like He Done)

New York Journal American columnist, Doug. Walch, reported on the "finest business letter" story related to him by a prominent business consultant.

The letter, obviously written by an illiterate salesman: "Dear Boss: I seen this outfit which they ain't never bought a dime's worth of nothing from us and I sole them a couple hundred thousand dollars worth of guds. I am now going to Chawgo."

Two days later a second letter arrived at the home office:

"I cum here and I sole them half a milyon," it said.

Both letters were posted on the bulletin board with a note appended by the company president.

"We been spending too much time here trying to spel, instead of trying to sel. Let's watch those sails. I want everybody should read these letters from Gooch who is on the rode doing a great job for us, and you should go out and do like he dun."

### Final Score Was 6 to 4 — Second Game To Be Played In Marmora Arena Tonight

Stirling Juveniles made their first start along the play-off trail in the quarter finals of the O.M.H.A. Juvenile "C" division a winning one on Monday night when they defeated Norwood by a score of 6 to 4. The game was played on the losers' home ice and was witnessed by a good crowd of fans.

Bosiak got an assist on the latter. Bell scored unassisted for Norwood midway in the period but Faulkner got his second goal of the game to give the winners a 3 to 1 lead. Patterson put the homesters back into the game at the 16.57 mark on assists from Bloom nd Payne.

Stirling outscored the homesters again in the second stanza with Noble and Donohoe tallying, while Bloom got one for Norwood. The game became very chippy at this point and the officials drew the ire of the crowd for calling what appeared to be cheap penalties.

## STOP THE PRESS

At a meeting of the Centennial Committee held today the following resolution was adopted unanimously:

"Inasmuch as the Stirling Centennial in 1958 was supported by citizens of Stirling as well as surrounding Townships and area, and a realization of the need for artificial ice in the local arena, and desiring to serve as many of the citizens of Stirling and surrounding areas as possible, it is therefore resolved that the Stirling Centennial Development Fund Com. give $3,000 worth of bonds from its Centennial Fund to the committee in charge of artificial ice when such committee is formed and when assured that sufficient additional funds are available to assure success of this project; the only stipulation being that the funds be used for artificial ice. If the project is not a reality in twelve months the offer will be reviewed."

## LEGION NOTES

The snow storm on Tuesday evening resulted in a comparatively small turnout for what otherwise would have been one of the largest general meetings of the Legion in recent years. The important topic of discussion was the matter of turning over the Legion Arena to the Village of Stirling as part of the proposed programme for installing artificial ice in the present arena.

Several valued members, who had earlier indicated their intention of being on hand, found that the storm made attendance impossible. In consideration of those who could not buck the drifts, those present decided that the important decision regarding the arena should be adjourned until all members who had indicated an interest could be on hand. President Allan Lawes was instructed to call another special general meeting at the earliest possible date at which time the arena proposal will be voted on. All members will be advised in advance of such meeting.

In spite of the storm, enough executive members were on hand to deal wtih several items of business and correspondence. The matter of the May 24th Fireworks Display was briefly discussed but no action was taken in this respect, except to approve a request from the Robert Cooke Chapter of the I.O.D.E. to sell coffee at the fireworks display.

Secretary Bert Bastedo advised the members of the forthcoming District meeting to be held in Lakefield in April. President Lawes has requested that any comrade interested in attending this meeting should contact either himself or Secretary Bert Bastedo.

Captain Thompson, of Madoc, President of the Moira Valley, gave an interesting talk on the Church and Scouting. Mr. J. Irish, Stirling, District Commissioner, spoke to the group explaining the work that has been carried on in the past year.

Mr. Allan Howell, Cub Leader, showed a film on the life of the late Baden Powell. This brought to a close the first annual meeting of Thomasburg Scout Group. One hundred and thirty-five parents attended the meeting which shows the keen interest prevalent in Scouting in Thomasburg.

## Junior Girls Winners of Centre Hastings Trophy in Basketball

On Tuesday, March 3rd, the Girls' Basketball teams of the local High School journeyed to Madoc for the first game in the total point two-game series for the Centre Hastings Trophy. For this trophy, the winner of the Madoc, Marmora and Tweed group plays Stirling.

In the senior game, while the Madoc seniors just kept putting the baskets in, Stirling didn't seem to get together.

But the juniors, already the winners of the Nicholson, O.S.D., Campbellford group, were more successful. They led by a score of 18-10 at half time. Madoc's shooting aim improved in the second half and they were trailing one point with two minutes left to play. Finally after a frantic two minutes of jump balls and passes, the buzzer buzzed to end the game. Stirling had won with a score of 28 points to Madoc's 27. Sue West (11 points) and Marion Camm (9 points, were the top scorers.

**Won At Home**

The next Thursday, Madoc came to Stirling for the final game of the series. Again the seniors were defeated, and again the juniors were successful.

It was, in fact, the best game the juniors had all year. Everything seemed to click with the forwards and the guards also playing a superb game. It was an example of teamwork at its best. At half time, the juniors were leading by twelve points and nothing could stop them. The guards kept the ball down at the forwards' end and the forwards kept putting it in. The final score was 33 to 18. Sue West totalled 16 points and Jayne Doran 14 points. This game was a suitable finale to the best season that has been played by the junior girls in years. And the trophy looks pretty good in the trophy case. The girls express their appreciation to Mrs. McKeown for her assistance throughout the season.

Juniors — Marion Camm, Jayne Doran, Beth Fraser, Susan Parsonson, Randelle Redcliffe, Elaine Vandervoort, Bonnie Visser, Marion Warren and Susan West.

Seniors — Judy Cooney, Carol Harding, Marlene Holden, Diane McKeown, Barbara Morrow, Lois Morton, Margaret Mulheron, Sharon Rathwell, Gail Ray, Carol Sine, Lynda Wagner and Zanny Zuidema.

## River Valley W.I. Enjoys Tour of Elaine Footwear

On Thursday, March 5th, twenty-four members and three visitors attended the meeting of River Valley Women's Institute which took the form of a tour of the Elaine Footwear Plant at Stirling and a meeting at the home of Mrs. Glenn Bush, Stirling R.R. 4.

**Tour**

Mr. Albert Wilhelm, foreman of the cement finishing line and Mr. John Feitt, designer, were the guides for the group.

The Sample Room was a starting point where a very large selection of spring and summer styles were shown as well as several of the autumn and winter variety.

The Stock Room was well laden with various materials from leather to plastic.

The group then viewed the intricate designs of patterns and there were specialized machines which required skilled workmanship. Some of the shoes were decorated with French cord which was most attractive. Various kinds of insoles were used and the better grade of shoes were fashioned to suit the needs of the day.

The group were then shown the step-by-step process of fashioning shoes as they viewed the sewing of all kinds of materials for men, women and children; also the cementing of soles etc, as the various parts were set in place. Eventually the finished product was stamped and packed in boxes for shipment. The shoes are sold to dealers all over the Dominion of Canada, also in the United States with exports to Trinidad and Jamaica. During this visit a large shipment was being prepared for Nova Scotia. It was a most interesting hour for many of the ladies who had never been inside the plant previously.

Mr. Joe Michalek is President of the company, with Mr. John Svoboda as Vice-President and Mr. Joe Valchar as Treasurer. One hundred and fifty-eight people are employed and the pay roll per month is over forty thousand dollars.

At the close of the tour the group again assembled in the Sample Room and were able to once again look over the large assortment of finished articles.

On behalf of River Valley W.I. Mrs. Kenneth Myers, Convener of Canadian Industries, voiced thanks for the enjoyable hour and the informative tour.

**Mrs. Glenn Bush**
**Hostess**

The group then journeyed to the home of Mrs. Glenn Bush and Mrs. Roy Bush where the meeting continued under the direction of the President, Mrs. Vernon Harry. Following the Ode and Collect, Mrs. Roy Tucker presided over the programme. The roll call told of several former industries in the River Valley district such as making pumps for wells, a casket factory, saw mills, grinding of flour and feed and probably one of the first cheese factories in Ontario.

The convener, Mrs. Tucker, gave a very worthwhile paper on the theme, "Business and home are like a wheelbarrow — it takes a good man and woman to push it." Later she read a poem about "Being an Officer of River Valley W.I." and conducted a contest on "The Shamrock."

**Business**

Mrs. J. R. Donohoe gave a full report of the receipts and expenditures to date.

Mrs. Ernest Carr presented her report and the correspondence included thank you notes and a letter of thanks from our adopted child in Germany, Zleinr Zellner, for his gift at Christmas.

The President announced that she and the secretary had presented Mrs. Alex Bush with a Life Membership Certificate and badge as a token of her valuable assistance to River Valley W.I.

An invitation was received from Pine Grove W.I. to attend an Extension Service Course given by Miss Mary McInnis, based on the theme "Food Shopping in the Sixties" on Thursday, March 19th from 10.00 a.m. to 4.00 p.m. in Marsh Hill United Church. Each lady to provide her own box lunch. It is expected that a few of the members will attend.

Honorariums will be given to the 4-H Club Leaders and the senior training leaders for their efforts in promoting this work.

The Conference at Guelph in May will be for District Directors or their alternates and the fee of thirty dollars will be forwarded.

The school children will be given ten dollars to assist their bus trip.

The February group gave the Treasurer $78.00, proceeds from their four social evenings and they were thanked for their efforts.

A nominating committee was appointed to prepare the slate of officers for the April meeting on April 2nd at the home of Mrs. Vernon Harry. The membership fee of one dollar is payable at this meeting. All officers are to bring in their yearly reports.

The Conveners of Standing Committees gave brief items on Agriculture, Home Economics and Historical Research. These were given by Mrs. K. Myers, Mrs. Jack Bush and Mrs. Charles Wilson.

**Public Relations**

Mrs. Percy MacMullen announced a workshop for branch curators of the Hastings East District on April 14th at the Y.M.C.A. on Campbell Street, Belleville. Mrs. R. C. Walker, of St. George, Ontario, the Provincial Curator of Tweedsmuir Histories, will conduct this workshop. Any Branch Curators from Hastings West, Hastings North or Prince Edward will be most welcome.

The following day, on April 15th, Mrs. Walker will conduct a workshop for the District Curators of the Trent Valley Area at the same location. The hours are from 10 to 4 and each lady to bring her own noon lunch and a cup for her beverage.

Mrs. MacMullen also gave a brief description of a press report of Campbell's Corners W.I. as it appeared in the Hanover Post which she had received from a pen pal.

**Pennies For Friendship**

Mrs. Roy Tucker gathered the Pennies for Friendship and gave a description of the visit of Mr. and Mrs. H. Smith to Puerto Rico. Mrs. Smith is the U.S.A. Deputy President for A.C.W.W. At the plane she was greeted by 14 representatives of different organizations. The interest in A.C.W.W. was tremendous even though there are no member societies in this area.

Ministers of Agriculture and all agencies working with rural people were intensily interested and committees were appointd to spread information and stimulate interest. They also visited Mexico, Guatemala, Honduras, Panama, Columbia, Ecuador and Venezuela. Mrs. Smith told the A.C.W.W. story to thousands of people, in presidential palaces, in capitol buildings, in homes, in town halls with thatched roofs, in medical centres and in schools. Her audiences were composed of women, men and children.

**Display**

The club leaders Mrs. Gerald Brooks and Mrs. Roy Irven set up a display of the 4-H Club work which they had exhibited at the Achievement Day held in Moira Secondary School. The group were known as "The River Valley Margs" and their display centred around "The Magic Milk Bottle." It also included some of the record books and was very informative.

The mothers of three of the girls are non-members but they were invited to attend this meeting and tour. Mrs. Douglas Campbell voiced thanks to the Institute and to the leaders and said both the girls and their mothers appreciated this opportunity to join in 4-H Club work.

The lunch committee, Mrs. John Beswick, Miss Flossie Rosebhsh, Mrs. Ernest Carr, Mrs. Harry Cosby, assisted by the hostess, served cheese, tarts and coffee. Mrs. Allen McDonell voiced appreciative thanks for hospitality, program and refresments.

## Ontario Diocesan Woman's Auxiliary Met In Kingston

Mrs. Kenneth Naylor, wife of Archdeacon Naylor of Montreal and Dominion W.A. Vice-President of Eastern Canada ddressed members of the Ontario Diocesan Woman's Auxiliary in St. George's Hall, Kingston, recently. The speaker brought with her greetings from the Dominion Board and remarked that it is always gratifying to come in contact with members of branches, limited though it may be. Members of the W.A. share a common heritage and contact affords a chance to discuss facts which are important to all.

Mrs. Naylor continued by giving the impressions of a woman who was fortunate to attend the World Conference of Faith and Order which took place in Montreal last July, one month prior to the Anglican Congress in Toronto. At this point the speaker mentioned the somewhat ill-advised publicity separatism receives, while admitting that it does exist, and quite strongly in some factions, leaders as a whole are striving for unity on the basis of mutual understanding. Paul-Emile, Cardinal Leger of Montreal addressed the assembly and said "nous sommes tous freres." To further illustrate the spirit of unity Mrs. Naylor spoke of a massed choir of 250 voices, consisting of Anglicans, Roman Catholics and Greek Orthodox singing the "Te Deum." This alone was a great manifestation of faith.

The speaker went on to say of the tremendous impact the Anglican Congress made on Toronto and to all attending. A new vision of the mission of the church came into being at this great gathering, one which must not be forgotten. Sharing must be the keyword for the future and isolation must be done away with. The speaker terminated by saying that the essential task of all churches is to be aware of others.

Mrs. W. F. H. Mitchell introduced the speaker and Mrs. W. J. Sutcliffe thanked her. The opening prayers were said by Dean Briarly Browne. Miss Laura Kilborn, President of St. George's Afternoon Branch, greeted members and Miss V. Palmer, of Cataraqui, expressed appreciation for the hospitality extended by the ladies of St. George's.

# BELL LINES

**by Milton G. Sweeney your telephone manager**

**You are looking at a new column for residents of this area. It will contain items of general interest about your telephone company and the many people who play a part in providing the best possible service for you. In future columns, we hope to explain other aspects of communication and how the Bell plays an important role in these various fields.**

* * *

When anyone mentions the telephone company a good many people immediately think of that young lady at the Bell Office they spoke to the last time they called about their telephone service. She was a Service Representative — a key link between you and our company. She has undergone intensive training to enable her to deal with the 100 and one problems and questions that come up during a working day. She and many others are there to look after your teelphone needs. Maybe it's a new telephone, a move to a new address, something wrong with your account or perhaps your listing in the directory which you wish to discuss. Whatever it is, our Service Representatives are ready to help you. Just call Zenith 60,000 the next time a telephone problem comes up.

* * *

**Incidentally, the little news bulletin which is included with each telephone account is well worth reading. It only takes a moment and I'm sure you will find it interesting.**

* * *

By the time you read this column your 1964 issue of the directory will be on its way to the printers. Delivery to the subscribers in all of the exchanges will start on April 9th and should be completed by April 17th. This year, over 54,000 copies will roll off the presses with an initial distribution of approximately 44,000 books. The rest will be kept in stock for use during the coming year. This might be a good time to bring your Blue Book of Telephone Numbers up to date. If you haven't got one just call your Service Representative at Zenith 60,000.

See you next month.

# Jos. Wilson, Former Agric. Rep. Honoured at Appreciation Night

**Presentations Cheque and Watches — "This Is Your Life" Features Programme**

An event of much interest to many residents of Stirling and Hastings County took place at Welland, Ont., on Friday, February 28th, when Jos. Wilson, a former popular Agricultural Representative of Hastings County, was accorded an Appreciation Night upon his retirement from the government service.

"Joe," as he was popularly known, left here for Welland in 1938.

The following, in part, is an article from the Welland Evening Tribune:

"The last quarter century has seen remarkable advances in agriculture and Joe Wilson has been no small part of this development."

This was only one of seemingly countless verbal bouquets tossed Mr. Wilson's way as he was honoured for his 26 years of distinguished service as Agricultural Representative in Welland County.

George Wandelt, President of the Welland County Federation of Agriculture, probably summed up the feelings of all who had the privilege to address the "Joe Wilson Appreciation Night" when he commented "it is difficult to put into a few sentences the gratitude we feel towards Mr. Wilson."

Ellis Morningstar, M.P.P., noted that the large turnout which filled the auditorium of Westlane Secondary School, reflected the affection that the people of Welland County had for "everybody's good friend, Joe Wilson."

**More Than Words**

Tribute was paid with more than words, too.

Presentations of a substantial sized cheque and personal watches for Mr. and Mrs. Wilson crowned the evening's tributes.

Representatives of all walks of life throughout the county, including most of the municipal leaders and particuarly the rural community joined in honoring Mr. Wilson who has seen agriculture move from the horse and buggy "muscle age" to the modern "missile age."

**"This Is Your Life"**

The highlight of the programme was a "This Is Your Life" portrayal of the guest of honour. Capably narrated by Allan Pietz and with the aid of interesting slides, Mr. Wilson's life, from childhood to the present, was unfolded before the audience.

To Mr. Wilson it must have been like watching his life go by in a mirror, so comprehensive a job it was. A brother, Dan Wilson, of Oakville, probably summed up the presentation best when he commented that the family certainly was "basking in reflected glory."

Dan Wilson was only one of a number of "surprises" brought forth during the review of Joe's life. Other members of the Wilson family on hand included daughters, Margaret and Diane. The former is now Mrs. Robert Bowden, of St. Catharines, who was accompanied by her husband and two children and the latter, Mrs. S. Cox, who flew in from Montreal to be present.

Others adding to the reminiscences during this part of the programme included Ken Ellsworth, of Ridgeway, who was a classmate when Mr. Wilson graduated from OAC; Mrs. Harry Whitfield, who was Mr. Wilson's first secretary, that being in his Wentworth County appointment in 1928; Aubrey Hagar, now of Guelph, who was the first president of the local Junior Farmer organization which Mr. Wilson organized; E. L. Crossley, noted Pelham District High School Supervising Principal, who reflected on the assistance rendered that school's fine agricultural programme and with whom Mr. Wilson judged "victory gardens" during the 1940's; Dr. L. W. C. Sturgeon, a long-time friend of the Wilsons who pointed out his co-operation with health boards, and Gordon Skinner from Haldimand County.

**Many Ag Reps**

All of the assistant agricutlural representatives and all of his Welland office secretaries, excepting one in each case, also were represented in what might have been labelled a chronicle, of the agriculture department's office in Welland County.

**Focus On Youth**

While most phases of agricultural activities were mentioned one way or another, considerable attention was focused on Mr. Wilson's assistance and guidance to the rural youth.

**Voices Appreciation**

After listening to the various expressions of thanks, it was Mr. Wilson's turn to do likewise. He voiced his appreciation to all those who had co-operated with him through the years, paying particular notice to the contribution made by the Rotary and Kiwanis clubs and the rural women. He said he considered the presence of the Minister of Agriculture as an expression of appreciation to the ag rep service. The scrapbook version of the "This Is Your Life" service is something he will cherish, he added.

"Thank you one and all," the guest of honor, who was accorded a standing ovation, concluded.

**Joy and Satisfaction**

His daughter, Mrs. Cox, remarked that the family knew, perhaps better than any one else, of not only the hard work but "the joy and satisfaction" that her father got out of serving the people of Welland County.

This was Joe Wilson's night and it was one that will not easly be forgotten by those in attendance. An informal buffet lunch concluded the evening's festivities.

On the programme given the guests as they entered the auditorium was a poem entitled "Friend of the Farmer," written especially for this event by Mrs. W. Moore. The poem pointed out the deep sincere respect "to you who are the rural people's peer."

## St. Paul's UCW Unit Four

Despite inclement weather members of United Church Women of this Unit turned out in good numbers for their Easter Thankoffering meeting.

The leader, Mrs. H. Wells presided, choosing an appropriate poem to open this part of the meeting, after which all joined in the theme hymn and the Lord's Prayer.

Mrs. E. Warren read the minutes of the February meeting and Treasurer, Mrs. J. B. Hough, gave the report on finances. The roll call was called by Mrs. A. Brooks. A brief synopsis of the general meeting business was given by Mrs. Wells. She also announced the April meeting in charge of Mrs. B. Bateman, Mrs. O. Stapley and their group with study book to be taken by Mrs. W. Camm.

Mrs. H. Donnan then took charge of the programme opening with a lovely poem, "What Is Spring?" The Bible lesson from St. Mark 5, was read by Mrs. E. Wanamaker with commentary by Mrs. E. Elliott. Mrs. Donnan offered prayer.

"The Easter Promise," was a lovely message by Mrs. V. Richardson; also thoughts on Easter were read by Mrs. J. Thompson. The message of Easter is ever the same, "Lift up your hearts, the Lord has risen." Several Easter hymns were enjoyed and a solo by Mrs. Russell Stapley was much appreciated.

Mrs. Lansing, who planned the programme, read the selection "One Solitary Life," closing with prayer.

Assisted by Mrs. H. Waite, Mrs. Lansing explained some of the content of the New Curriculum and study being introduced for use in our church and showed slides depicting Part 1 of God's Covenant with his chosen people and its beginning.

Mrs. J. Sharpe then followed with the story of the "Broken Covenant" as told in Jeremiah. Questions were asked, such as, (1) What influence caused people to break the covenant? (2) What other gods do we have today? (3) What covenants do we break in this day? These questions were discussed by Mrs. H. David, Mrs. R. Christie and Mrs. Earl Eggleton. The study and slides proved so interesting that it was decided to continue with the other two parts in the following months.

After the benediction a refreshing lunch was served and on behalf of all Mrs. Ross Bush expressed appreciation of it and the splendid program.

### POTATOES — FAVOURITES IN MANY LANDS

Here are some foreign style recipes that have been tested by the Home Economists in the Consumer Section, Canada Department of Agriculture:

**Parmentier Soup**

Named after the Frenchman who popularized potatoes through his writings. Parmentier now refers to any dish which potatoes are the basic ingredient.

4 cups thinly sliced potatoes
4 small onions, thinly sliced
¼ cup chopped parsley
¼ cup celery leaves
2 cups boiling water
1¼ teaspoons salt
⅛ to ¼ teaspoon pepper
2 cups milk OR half milk and half table cream
Paprika (optional)
¼ cup grated cheese (optional)

Peel potatoes, cut lengthwise into quarters, then slice thinly. Place vegetables, water and seasonings, except paprika, in a large saucepan. Cover, bring to a boil, and cook until vegetables are tender, about 40 minutes. Add milk, cover and simmer 10 to 15 minutes longer. Sprinkle each serving with paprika or grated cheese, if desired. Six servings.

**Accordion Roast Potatoes**

An interesting way of preparing roast potatoes. In Sweden, these are called Hasselbackspotatis.

6 medium potatoes
½ cup butter
1 teaspoon salt
⅛ teaspoon pepper
1 teaspoon paprika
6 tablespoons graded medium Cheddar cheese

Peel potatoes and slice thinly halfway through. Place in a greased baking pan with cut side up and baste with melted butter. Mix salt, pepper and paprika together and sprinkle over potatoes.

Roast at 350 deg. F. until tender (1 to 1¼ hours) basting frequently. When potatoes are cooked, sprinkle with grated cheese and return to oven for 5 minutes to melt cheese.

OR

Cook potatoes around the roast, allowing 1¼ to 1½ hours. Baste with fat from roast in place of butter and omit cheese from the recipe.

**Potatoes and Sauerkraut**

An easy meal, cooked in one pot. Sauerkraut, a favourite of the German people, is served with a Caraway Butter Sauce.

6 medium potatoes, peeled and halved
1 cup boiling water
½ teaspoon salt
12 wieners, halved
1 can (28-ounce) sauerkraut, drained

**Caraway Butter**

½ cup melted butter
1 teaspoon caraway seeds
⅛ teaspoon pepper

Partially cook potatoes in boiling salted water, 10 to 15 minutes. Add wieners and cook 5 minutes longer. Add sauerkraut and continue cooking gently until thoroughly heated, about 10 minutes. Top each serving with 1 tablespoon caraway butter. Six servings.

**Potatoes and Sour Cream**

(Hungarian style)

4½ cups diced raw potatoes (½ inch cubes)
¾ to ½ cup boiling water
1 teaspoon salt
4 tablespoons melted butter
1¼ cups sour cream (½ pint)
½ teaspoon salt
Paprika

Cook potatoes in boiling salted water 3 minutes. Drain. Add butter. Cover and cook over medium heat until potatoes are tender, about 15 minutes, stirring gently to prevent sticking. Add sour cream, ½ teaspoon salt and simmer 5 minutes. Sprinkle with paprika and serve at once. Six servings.

For further information on the buying, storing, cooking and serving of potatoes, write for the booklet "Potatoes" available free of charge from the Information Division, Canada Department of Agriculture, Ottawa.

## OF MANY THINGS

(By Ambrose Hills)

### BACK TO RADIO

I'm one of these ancients who can remember back to the days when there was no broadcasting. My first "listen" was at a Chautauqua tent, in Manitou, Manitoba. Everyone in the tent was allowed to file up to the front and have a headphone held to one ear for a few seconds. All I heard then was a series of whistles and screeches . . . perhaps some early Beatle group?

Only a few years later, a chum and I were sitting up until the late hours trying to catch Little Jack Little.

When I went teaching, I bought a small crystal set on which I could hear Earl Hill and his Capitolians. They were wonderful, and I imagined all sorts of glamorous surroundings in which I thought they played.

Later, as a radio announcer myself, I learned that the surroundings are about as glamorous as an institution. Nevertheless, I loved the broadcasting business, and often wished that my voice had been good enough to go on to the big time. My voice was heavy, and too much exposure to it must have been a wearying experience to listeners . . . but since radio was new and glamorous there were no complaints. In fact, I even had plenty of fan mail, which I loved.

All the while, however, I was writing, for print. The radio words were gone in the air, but print was substantial and I kept plugging away at it. I knew in my bones that radio, though powerful, would never supplant the printed word. The printed word has a magic of its own.

Then TV came. Now the airwaves are full of music, talk, and pictures! I often wonder what will be next. Certainly one day in the not too distant future, your daily paper will be printed in your home on a machine that picks it up from the air.

Today, people are going back to radio. One can listen and read at the same time. TV is a very powerful selling tool, but often so strident it drives one away from it. Radio is coming back into its own as a family companion along with a book, magazine or newspaper.

It is wonderful that these means of communication have come along and ended the great hush that must have encompassed the world in the old days. But let us also hope that no dictator, such as Hitler, is every able to use them for his purpose. Let them concentrate on entertainment and news, delivered by free men who do not have to fear the censorship of politicians.

## Education Week Observed at Rylstone Union School

Mrs. Cora Reid and her pupils at Union School No. 18, Rylstone, held a very successful programme at the school on Friday evening marking Education Week.

Jack Spencer was chairman for the evening and Don Pollock, of Havelock, musical supervisor, was in charge of the music for the several songs by the pupils. The children put on a skit entitled, "School Days."

A very interesting debate, "Resolved that French should be taught in our Public Schools," was ably taken by Mrs. Thos. McKeown and Mrs. Clarence Thomson, affirmative, and Mrs. Wilfred Spencer and Mrs. Jack Spencer, negative. The result was a draw. Judges were Mrs. Murray Meiklejohn and Mrs. Harold Stapley.

Russell Rowe, Member of the Provincial Parliament and former teacher at the Union School, was present and renewed aquaintances with many of his former pupils. He spoke on "The New Public School Area and Consolidated Schools."

Messrs. Wilfred Spencer and Thos. McKeown spoke briefly.

Lunch was served bringing a pleasant evening to a close.

## $80,000 Blaze At Marmora Tuesday Morning

An $80,000 fire in Marmora Tuesday morning forced 13 persons into near-zero weather.

Richard's Restaurant, La Reine Fashion Shop, a vacant store, and an apartment block were gutted. Archie Wong, 52, one of the proprietors of the restaurant, suffered cuts to his hands when he smashed his way through a bedroom window to get out of the burning building.

The blaze was described as the worst in more than a decade in Marmora. Volunteer firemen from Stirling, Marmora Township and Madoc joined forces with the Marmora department to battle the early morning blaze.

The fire broke out at the rear of the restaurant. The cause has not been determined.

## The Good Driver

Considerable public feeling was aroused some time ago when a cyclist near Oshawa was badly injured by a pop bottle thrown from a car. This, says the Ontario Safety League, was an unusual and dramatic illustration of a little-realized fact: that highway litter is not only unsightly and a costly nuisance — it is also a traffic hazard.

It is estimated that 750 persons are killed in the U.S. each year in accidents caused by road litter. This suggests that as many as 75 Canadians may die each year because of paper, bottles, cans, fruit peel and other debris carelessly thrown on or near highways.

Here are extracts from "Doomsday for Litterbugs" in a recent issue of Journal of American Insurance.

"On a freeway outside Los Angeles, a salesman was driving homeward when a motorist in the car ahead tossed a newspaper out of the window. In a trice, the wind caught the paper and plastered one of the pages across the windshield of the salesman's car, causing him to crash through a guardrail and into a 70-foot ravine.

A claim currently being investigated by an insurance company involves a carload of youngsters who were taking turns throwing beer bottles at traffic signs as they drove down the highway. One poked his head and arm out of the window and was taking aim on a stop sign when he was decapitated by a protruding mailbox.

These incidents are extreme consequences of the unbelievable amount of litter we strew on our highways every year. It is estimated that 750 U.S. motorists are killed and 75,000 injured each year in accidents that result when cars strike or swerve to avoid litter on the road. The economic loss from these accidents is huge; but it is dwarfed by the sums expended to clean up roadside debris.

What does it take to stamp out litterbugs? Anti-litter campaigns emphasizing the enormous cost of litter removal work well for most people. But direct action is also required: litterbags in cars . . . litter barrels along the highways and at service stations, so that the car bags can be emptied conveniently . . . penalty warning signs . . . and if all else fails, law enforcement that show its teeth.

Hardly anyone can become enthusiastic about trash. But people can and do get excited about taxes. When enough of them realize that there is a connection between the two, litterbugs will meet their doomsday."

The Canada Department of Agriculture central library in Ottawa was founded in 1910 and has 235,000 volumes.

The man who discovered the telegraph in 1847, Samuel Finley Breeze Morse, was a world famous painter.

Two young drivers died recently, racing through Toronto streets. The Ontario Safety League quotes a report that according to a survivor, after a drinking session one man "bet" his $150.00 pay cheque that he could race the other to their place of work.

There is only one good . . . . Knowledge, and only one evil . . . . Ignorance.

## CONSERVATION NEWS

### PLANTING TREES FOR CENTENNIAL

There are a few organizations and groups in the Bay of Quinte whose members have already started discussing ways of fittingly commemorating the Centennial of Confederation. Among these plans is the planting of trees, and establishment of new recreation areas and parks.

As we all know community projects cannot be organized overnight and particularly where land has to be acquired, the process is a long one. One ladies' club developed a particularly ingenious plan and this proves again that when it comes to new and attractive ideas the ladies are smarter than men, anytime. What is the idea? Simply, that if you want to do something worthwhile it is better not to wait till the last moment. The planting of small trees in the year 1967 is a wonderful thing, but the planting of trees of a fair size is even better. However, trees of a fair size may not be readily available in 1967 and they may be costly too. So why not plant small trees now in a suitable place — a kind of tree nursery — and transplant them to the actual Centennial park area in 1967?

The ladies' club in question discovered that one is qualified to order trees from Department of Lands and Forests nurseries if you own two or more acres of land, and this at a very modest price. True, the government does not supply purely ornamental trees, but it does supply beautiful small Silver Maple, Spruce, Pine, Oak, fast growing Carolina Poplar, and a few other forest tree species. For ornamental trees they will go to commercial nurseries and acquire them at a reasonable price as long as they do not insist on larger, older trees.

By planting these small trees in proper soil now they can nurse them along for a few years and when the great spring of 1967 comes along there they are, waiting to be transplanted in just the right sizes of 3, 4, 5, 6 feet or sometimes even taller!

Any individual or group planning tree planting should avail themselves of the free services of the Department of Lands and Forests. A forester will gladly inspect the planting site, assess the soil, and advise the owner as to the best species for planting, how to order the trees, and how to carry out the planting job. Write or call the District Office at Tweed or any of the field officers in the district to obtain this free service.

## Monthly Meeting Spring Brook United C. Women

Mrs. Clayton Burkitt and Mrs. Murney Mason were hostesses to the Spring Brook United Church Women, friends and school children at a pot luck dinner held in the Church Hall.

Following the dinner the President, Mrs. Mason, welcomed all and opened the meeting with a very appropriate poem.

The worship service was conducted by Mrs. Roy Shortt and Mrs. Sanford Meiklejohn using as their theme "people who know who they are."

Mrs. Delbert Fleming gave a very interesting missionary topic on India. She explained the modern protestant missionary movement in that country. She also told how they are helping the Indian Christians to take more responsibilities in the communities as teachers in christian schools, doctors and nurses in hospitals and as advisors to their people. Mrs. Fleming also answered many questions that had been asked of the customs and people in India and the help given on the reservation in Canada. Mrs. Gordon Bailey, dressed in a sari, explained the dress and the everyday life of the Indian woman.

A report on the recent U.C.W. convention held in Napanee was given by Mrs. Gerald McFaul and Mrs. Mervin England. Mrs. Gerald Broadworth reported for the sick and visiting committee of several calls made to sick and shut-ins. It was decided to place lillies in the Church for Easter.

A pot luck supper will be held in the Church Hall on March 17th at 6.30 p.m. Everyone welcome.

All enjoyed a contest conducted by Mrs. Fleming.

Hostesses for the April meeting are Mrs. George Williams and Mrs. Carl Spry.

The leaders, Mrs. Gerald Brooks and Mrs. Roy Irvin, opened the meeting with the 4-H Club Pledge. The members are Brenda Campbell, Judy Donohoe, Jean Jeffs, Shirley Ann McDonell, Shiela Richardson, Connie Tucker and Yvonne Zuidema.

Nominations were as follows:

And a Floating Secretary (every girl keeps her own minutes and may be asked to read them at the meeting)

The leaders read about the things the members would be learning — record books, sewing equipment, how to measure correctly and materials. In this club the girls are either making nighties or pyjamas.

The meeting closed with the singing of God Save the Queen, accompanied by Brenda Campbell.

## THE BIBLE TODAY

The Rev. Jay Story, a missionary of the United Church of Canada, in India, writes in the Central India Torch, of distributing Gospels in the Jaora Bazaar. Accompanied by fellow workers, themselves Indians, Mr. Story states they sold 236 Gospels in one day.

"Is that all you did? Were there any arguments, discussions or opportunities to witness?" he was asked.

"Indeed," replied Mr. Story. "We were not just book agents, but messengers carrying the good news that Jesus Christ saves from sin and destruction."

In distributing Scriptures each person in introduced to the little books, when the colporteur reads a portion aloud. The passer-by is then invited to take his copy home and read the whole book carefully, "with an open mind and a hungry heart."

"It is certain that His Word going forth in season with His blessing," added Mr. Story, "will not return void."

## Souvenirs That Suit

Two departments of the Ontario Government are involved in a campaign to promote production and sale in the province of souvenirs which are made here. Its a program all should support. Anyone who has ever gone through the annoyance and embarrassment of finding "Canadian" souvenirs which turn out to have been made in other countries will appreciate the problem which exists in the souvenir industry.

An Ontario Souvenir Industry Exhibition, sponsored jointly by the Department of Travel and Publicity and the Department of Economics and Development, will be part of the Sportsmen's Show in Toronto, March 13th to 21st. The departments are seeking new ideas for souvenirs and wider sale of existing items which are, or can be, produced in quantity and sold at reasonable prices.

Visitors want authentic souvenirs — and that means souvenirs made in the country, province or district they visit. Scarcity of Ontario-made souvenirs was described by Honourable James A. C. Auld, Travel and Publicity Minister, "a ridiculous situation".

Honourable Stanley J. Randall, Minister of Economics and Development pointed out that domestic producers supply only one-fourth of the $44,000,000-a-year Ontario souvenir gift market.

For reasons of economic self-interest as well as national and local pride, the campaign to develop the Ontario souvenir industry merits enthusiastic public support.

The Village of Hastings was orginally named Crook's Rapids, but got its present name in 1851.

## General Meeting St. Paul's UCW

Nearly sixty ladies gathered on Tuesday evening, March 3rd, in the Ladies' Parlour of St. Paul's United Church for the General U.C.W. meeting. President Mrs. J. L. Good opened the meeting with a poem entitled "Take Time" and prayer.

The devotional was in charge of Mrs. Allan Munro who chose as her theme "Let Us Be Still." Following prayer by Mrs. Munro, a dialogue of scripture taken from St. John 15, was given by Mrs. Sidney MacDonald and Mrs. Claude Trumble. The hymn, "Lord, Speak to Me," was sung and the offering was gathered and dedicated. Mrs. Munro led in a prayer period, of silent prayers, the Lord's Prayer and the benediction.

Rev. P. J. Hommersen conducted a dedication service when a memorial table was dedicated in memory of Mrs. George White.

Mrs. J. L. Good led the business period. The U.C.W. made ninety calls on sick and shut-in members during the month.

Mrs. Blake Faulkner and Mrs. John Svoboda are the two representatives to the Christian Education Committee. Mrs. Gordon Bailey and Mrs. William Hipwell are the two representatives on the Missionary and Maintenance Committee.

St. Paul's U.C.W. will hold a bazaar in November. St. Paul's U.C.W. plan to send two girls to Camp Quin-Mo-Lac in July. The next general meeting will be held on Tuesday, April 7th in the Church Parlours at 8.00 p.m.

**Programme**

Mrs. Volney Richardson, Chairman of the Christian Citizenship and Social Action Committee, had charge of the programme for this meeting and chose as her subject "Bilingualism and Biculturalism." She conducted a very interesting and informative panel discussion on this theme, with the following panelists and subjects: Mrs. Cecil Macklin, Education; Mrs. Earl Eggleton, Language; Mrs. J. B. Hough, Culture; Mrs. P. J. Hommersen, the Quiet Revolution in Quebec. Following the panel, she threw open the meeting to discussion on the topic. Mrs. Richardson summed up the discussion and panel with many worthwhile and educational facts.

Rev. P. J. Hommersen closed the meeting with benediction and all enjoyed a social half hour with coffee and hot cross buns. Special thanks to all was extended by Mrs. Carl Potter.

A selfish driver, speeding and swerving to "bull" his way ahead in heavy traffic, will often coat the cars he passes with an unnecessary spray of slush. What is worse, says the Ontario Safety League, he may also spatter the other drivers with the infection of his ill-manners, and dangerous impatience.

## Stirling-Rawdon District High School Board Holds Lengthy Meeting

**Inspector J. C. MacLeod Presents Report on Staff — To Provide Guidance Room**

A lengthy meeting of Stirling-Rawdon District High School Board was held on Monday night, with A. R. Mallory in the chair. He was supported by Dr. R. B. Murray, James Johnston, D. W. Rodgers and H. Morrow. Mr. R. T. Hayes, who was recently engaged as Principal for 1964-65, was also present.

Since no action had been taken regarding the felling of a condemned tree on school property, the matter was referred to H. Morrow, Chairman of the Property Committee, for disposal.

Correspondence received included a letter from H. C. Martin re insurance renewal; H. E. Baker, re bond on Treasurer; Dept. of Education and G. W. Thomas submitting his resignation as a member of the staff, to take effect the end of June.

H. Morrow advised the Board of a request he had received concerning a student of the area wanting to go to Belleville to take the occupational course provided at Quinte Secondary School. It developed that several students from the area in Sidney Township planned to avail themselves of this opportunity.

Principal J. L. Good reported Mrs. W. Camm had supplied several days at the school and submitted a requisition from Mr. Bakker for supplementary curtain material for a class room; also a Dixie cup holder for the staff room. Mr. Alcorn, continued Mr. Good, wished a bulletin board, approximately 12'x4', erected in the Board Room to be utilized as a guidance room. Some racks were also requested and if the Board provided the material Mr. Alcorn and Mr. Farmer would construct them. The Principal also submitted prices on projectors for the Board's consideration. The requests, with the exception of the bulletin board which will be discussed later between Mr. Hayes and Mr. Alcorn, were granted on motion of D. Rodgers and J. Johnston.

Mr. Good announced the Easter exams would be held March 17th to 26th. He also reported that sending chronic offenders against school discipline to interview members of the Board was having the desired effect.

Permission was granted Mr. S. Alcorn to attend a Guidance Conference at Carlton College, Ottawa, on May 8th, and to Messrs. D. Harris and Gordon Smith to attend a Physical Education Conference in Windsor the end of June. The Board will assist in out-of-pocket expenses in both instances.

J. C. MacLeod, District Inspector of the Ontario Department of Education, Kingston, was present to give his report on the staff. Before doing so the representative of the local press was asked to leave the meeting.

**Meeting Night Changed**

Henceforth the regular monthly meeting of the Board will be held on the third Friday night of each month.

The following accounts were later passed for payment:

## Local Firemen Call For Aid

Citizens awake! Members of the Stirling Fire Brigade are asking for financial assistance to provide a club room for their use at the local fire hall. Up to the present there is no room in which to hold a meeting of the Brigade for instructional or social purposes but with your help the members are planning to correct this situation.

All members of the Brigade are volunteers and the small pittance they receive for attending fires does not pay for wear and tear on their clothing let alone loss of time.

Think! If your home or place of business were to catch fire and no volunteers showed up to fight the blaze — what would your reaction be?

Tomorrow (Friday) night, March 20th, the three-act comedy, "The Nutt Family," is being presented by Tweed talent in Stirling Theatre in the interests of the local Fire Brigade. This is an opportunity for citizens to show their appreciation of the service provided by the firemen.

So plan to attend. You will not only receive good entertainment but will help a worthy organization. If you can't attend buy a ticket and give it to a friend.

## Firemen Save Spring Brook Home

Stirling Fire Brigade answered two calls this week, the first to a minor fire at the residence of Fred McCutcheon on Monday afternoon, and the other to a flash fire at J. Mumby's residence, west of Spring Brook, on Tuesday afternoon.

No damage resulted at the McCutcheon fire but at the home of J. Mumby the living room, double parlours, and overhead bedrooms were badly damaged. However the local brigade was able to save the house. Damage is estimated at $2,000.00.

Mrs. Mumby had been using a cleaning fluid on the floors of the living room and when she turned on an electric polisher the entire room exploded into flames. She placed her three children in the family car and rushed to a neighbor's to give the alarm.

## "At Home"

Mr. and Mrs. Earl Luery will be "At Home" to their friends and relatives on Wednesday, March 25th, from 2.30 to 5 p.m. and 7.30 to 9.30 p.m., on the occasion of their fiftieth wedding anniversary.

## Juveniles Win OMHA East. Ontario Championship Third Year in Row

**Tip Top Tailor Trophy Presented Captain Bob Donohoe After 4 to 3 Victory**

Stirling Juveniles are O.M.H.A. Juvenile "C" champions of Eastern Ontario for the third consecutive year by virtue of their win over Norwood on Thursday night last. The game was played in Crawford Memorial Arena, Marmora, and a large crowd of fans witnessed a thrilling game in which the decision was in doubt until the final whistle. Both teams missed chances but Stirling was able to come up with a goal when it was most needed. John Noble was the scoring leader for the locals with two counters while Donohoe and Faulkner came up with singletons. Potts and Bosiak were prominent defensively, while Morrow in the nets came up with a strong game. Following the game the Tip Top Tailors trophy, emblematic of the Eastern Ontario Juvenile "C" championship was presented to captain Bob Donohoe of the locals by M. Montgomery in the absence of the O.M.H.A. President.

The first period was a ding-dong scoreless battle until the 14.35 mark when Donohoe took a pass from Potts to dent the twine behind Heffernan. There was no further scoring in the period.

Early in the secod stanza Norwood tied the score when Payne beat Morrow unassisted, and went ahead two to one at the 12.42 mark when Rhude scored on assists from Payne and Gwen. Stiling, however, rallied and Noble scored on the prettiest passing attack of the game when he, Donohoe and Bosiak broke in on the visitors' defence and the latter rapped the rubber home to te the score two all.

In the final stanza Faulkner intercepted a passout and waltzed right in on Heffernan to make the count 3 to 2. Two minutes later Noble got his second goal of the game on a pass from Bosiak, making the score 4 to 2. Norwood didn't give up and Patterson put them back in the game at the 13.08 mark on a pass from Given. The remainder of the game was close checking with both goalies coming up with good saves.

The summary:

## Mrs. F. F. Downing Dies In Hospital

Following a lengthy illness, Laura Kathleen Courtney, beloved wife of Rev. Frederick F. Downing, Stirling, passed away in Belleville General Hospital on Wednesday, March 18th.

Born in Sperling, Man., the late Mrs. Downing was a daughter of Henry Courtney, and the late Martha Ann Preston, of Brockville, and was in her 60th year. ## Legion Turns Arena Over to Village To Make Way for Artificial Ice

**Three-Man Committee Appointed To Effect Change — Make $500.00 Donation**

Artificial ice for Stirling received its biggest boost to date, when a general meeting of Branch No. 228 of the Royal Canadian Legion unanimously approved a motion to turn the Legion-owned Arena over to the Village of Stirling. The Legion met last Tuesday evening in a special meeting called by President Allan Lawes.

In taking this action, the Legion recognizes that its first responsibility is to ensure adequate arena facilities for the youngsters of this area for years to come. The Legion is also conscious of the wide public support for the project.

**Assumed Ownership 12 Years Ago**

Since assuming ownership of the Arena 12 years ago, the Legion has struggled with the perplexing problem of increasing demands for ice facilities to serve the needs of the district. During its period of ownership, the Legion has invested a great deal of money and work in the Arena itself and in its operation.

The plan to install and operate artificial ice is ambitious and progressive. It will require a community effort supported by everyone in the municipality and its surrounding area. The Legion pledges its full support to the arena project.

**Donates $500**

At its meeting last Tuesday, the Legion also approved a donation of $500.00 to the Artificial Ice Fund. This donation will be made as soon as a Finance Committee is set up and a campaign organized.

The meeting appointed a three-man committeee to co-operate with the municipal officials to effect an orderly transfer of the arena. Members of this committee are: President Allan Lawes, Secretary Bert Bastedo, and Comrade Russ West representing the Legion Trustees.

Through its action, the Legion has thrown its full weight and support behind the artificial ice proposal. The branch recognizes the support recently afforded by the Stirling Centennial Committee and Chamber of Commerce who have pledged the sum of $3,000.00 to the project. With this type of community support the success of an artificial ice campaign cannot be in doubt. The Legion sincerely hopes this support will catch on with all segments of our community.

In turning over the arena to the Village of Stirling, the Legion has asked for assurances that adequate free ice time will be available for the continuation of the local Pee Wee and Squirt Leagues which have provided a great deal of winter recreation for the younger children of the district.

For the past 12 years, the Legion has received generous and faithful support from the citizens of this area. It believes that such support for the new project will be assured. Present Legion plans call for full support to all groups and committees which may be formed to carry on the campaign for artificial ice in Stirling.

It is expected that more positive action to organize committees can be taken following the engineering study of the local arena. A public meeting will be called at the earliest possible date and notice published in advance in the News-Argus.

## Wins Carr Trophy

In the Belleville District Public School Public Speaking Competition held on Saturday at Brighton, Miss Mona Aide, of Stirling Public School, won third prize and the Carr Trophy. Miss Aide was one of twelve contestants and spoke on "The Story of Electricity." Her school chums and her teacher, along with her many friends join in extending congratulations.

## Transferred

Stirling and district friends will be interested to learn that Elmer Post, Regional Property Supervisor with the Ontario Department of Highways at Kingston, has been transferred to London, Ont. Mr. Post is a former resident of this district, and his many friends will be glad to learn of his promotion. The transfer will take effect some time next month.

## Rotarians Launch Annual Easter Seal Campaign for Crippled Children

**Sidney MacDonald, Easter Seal Chairman — Local Objective Set at $700.00**

Members of Stirling Rotary Club have launched their annual Easter Seals campaign to raise money for the Ontario Society for Crippled Children. Rotarian Sidney MacDonald, Agricultural Representative, is the Easter Seal Chairman and the local objective has been set at seven hundred dollars.

One of the many services of the Ontario Society for Crippled Children is the provision of temporary foster home care for severely handicapped children whose mothers need some respite from their care or because of illness or confinement cannot care for them, temporarily.

This Easter Seal Society also makes arrangements for diagnostic clinics so that children living in some of the remote parts of the province may have the benefit of medical specialists' examination. The Society also will give vocational guidance to handicapped young teenagers and in many cases assists them to find suitable from which the Society makes available such equipment as wheelchairs, crutches, legg perches stools, walkers, and other orthopeadic equipment when it is required for a period of up to six months. These are just some of the examples that show Easter Seal funds make certain that no needy crippled child in our province will go without treatment and assistance that he or she might need.

The 1964 Easter Seal Campaign must raise at least $1,000,000.00 in Ontario to be able to continue the services they are now providing for physically handicapped children in this province. Last year there were more than 16,000 crippled children who received direct care and treatment as a result of Easter Seal gifts.

It is reassuring and helpful to know that every Easter Seal gift will be of some help to a crippled child.

## Annual Report Hon. J. R. Cooke Chapter I.O.D.E.

As we come to the close of another year, it is my duty and privilege as your Secretary for the year 1963, to present the 23rd Annual Report of the Honourable J. R. Cooke Chapter, Imperial Order Daughters of the Empire.

This past year has been a good year, and we are proud of the fact that, through the generous support of the Village and district, it has been possible for us to carry on our various projects so successfully. And, we will not forget the co-operation, time and hard work which the members themselves have given in this important work.

The annual Spinster's Dance at the beginnig o tfhe year provided a good start financially for the year's work.

Ten monthly meetings were held during the year, as well as a few work meetings.

The Honourable J. R. Cooke Chapter members subscribe one hundred percent to the Echoes Magazine, besides having a copy placed in each of the following places: Stirling Public Library, Dr. Hipwell's office and Dr. Briggs' office.

Four new members, Mrs. Donald Pollock, Mrs. Robert Hough, Mrs. James E. Bryant and Mrs. Ross Kern, were received into the Chapter. Six members resigned, Mrs. Carl Potter, Mrs. Francis Lyons, Mrs. William Bolte, Mrs. D. M. Armstrong, Mrs. Jack Armstrong and Mrs. Ralph Utman. We deeply regret the loss of members, but to the new members, may we say "welcome" and may you enjoy the privilege and honor of being a member of the Order.

Today the I.O.D.E. is one of the largest voluntary women's organizations in Canada, having over 29,000 members. In the fast changing world it strives to keep pace through education, promote unity within the Commonwealth, and give service to the needy.

Correspondence from our adopted child, Anna Bendig, Germany, was enjoyed on several occasions. Contributions were sent in support of our adopted child, as well as the following: National Funds: Shipping Funds, $10.00; Korean Project, $25.00; Overseas Relief, $25.00; Peace Garden, $1.00; Emergency Welfare, $10.00; and Provincial Funds: Special Representative, $5.00; Lucy Morrison Memorial, $50.00; Commonwealth Relations, $25.00; Workroom Maintenance, $10.00; Film, $1.00; and Canadian Scene, $2.00. Contributions were also made to the Festival of Sacred Praise and a Bursary to a needy student.

In addition to our cash contributions the following articles of clothing have been knitted and sewn: 3 Korean quilts, 11 hospital gowns, 44 pairs Korean socks, 16 toys, one 5-piece sweater set, one 3-piece sweater set, 1 helmet, 3 pairs small socks, 4 pairs booties, 5 pairs mitts, 4 cardigans, 1 pullover, 6 layettes consisting of 25 articles each, 2 matinee jackets, 2 face cloths, 2 towels, 4 pairs pyjamas, 3 personal bags, and 1 boy's shirt, these at a total value of $257.15. Special recognition and "thanks" is extended to those outside the Chapter for their generous contributions of knitted articles for these shipments.

On invitation from the Legion, we paraded with them to St. Paul's United Church in April to commemorate Vimy Ridge. And, on November 11th, Chapter members attended service at the Cenotaph for Remembrance Day in a group.

A new venture — "Showcase of Talent" was presented in October, which proved very successful and was well received by the general public. This was a presentation of local talent, giving each participant an opportunity to prove his abilities, particularly in the musical world, and proved particularly interesting and enjoyable to a large audience. Each person taking part did so voluntarily.

Another new project was introduced, in lieu of bake sales, in the form of a "Money Plate." Each member agreed to make up a money plate or some facsimile and contribute 10c per week, the funds to be turned in to the Chapter at the December meeting. The proceeds contributed greatly to the welfare of the Chapter, especially when funds were urgently needed.

Much concern was aroused among Chapter members regarding the flag for Canada, and it is the hope of each and everyone of us that the Red Ensign will be proclaimed as the official flag of Canada.

An award was presented to the student obtaining the highest honours in Grade VIII from Stirling Public School, and Evan Rodgers, Stirling, was the winner.

For the past three years a project has been carried on in the form of a Marathon Bridge and has proved very interesting in a social way to both members and citizens of the Village who participated, as well as helping to provide a form of financial assistance for the Chapter.

Each year a delegate is sent to Hamilton to attend the Provincial Annual Meeting, and this year Mrs. Robert Luery was our delegate to the 43rd Provincial Annual Meeting. She was accompanied by Miss Rosa Spry, our nominee for Provincial Councillor.

One bake sale was held during the summer.

The annual District Dinner was held in Campbellford, with the Bemersyde Chapter as host. This dinner was well attended by our own Chapter members as well as members from Peterborough, Norwood, Lakefield, Belleville, Napanee, and Picton. Mrs. D. W. McGibbon, National President, was the guest speaker.

It is a proud Chapter that can boast of their standard being carried at a number of worthy functions, including the Provincial Annual Meeting, at Hamilton, and the Semi-Annual Meeting in Sarnia.

Assistance has been given to a needy family during the year, and at Christmas food and used clothing were donated by members to help make the holiday season a bit more cheery for those less fortunate than ourselves. No Chapter funds were involved in either of these projects.

At this time I would like to extend my personal thanks to our Regent, Mrs. William J. Morton, and the members for their assistance and loyal support and co-operation throughout the past year. A special vote of appreciation is extended to the merchants of the Village for their kind support, and to all those who so freely gave donations, and supported our efforts, we again say "thank you."

## Mt. Pleasant Rawdon U.C.W.

The Easter meeting of Mount Pleasant United Church Women was held on Wednesday evening, March 11th in the Church Hall with twenty-one ladies in attendance.

Mrs. Donald Knight opened with an Easter thought and a hymn after which roll call was answered with Easter verses. Mrs. Kenneth Weaver was pianist for the various hymns based on the theme.

Mrs. Raymond McConnell read a letter re the Stirling Festival of Praise and a donation of ten dollars was authorized. Reports were given by Mrs. James Hoard and Mrs. Wm. McAdam.

Mrs. Ross Jeffs read a stewardship messange and Mrs. Gordon Linn read a letter re the supply work.

Plans were made to paint the two basement rooms of the Church. The Messengers will hold an Open Meeting at the Church Hall on March 31st.

The programme was in charge of Mrs. Donald Johnson and Mrs. Milford Wrightman and was centred around a candlelight service arrangel by Robt. A. Wallace in "The March of Days." Easter is a festival of darkness and light and it also celebrates the birth of the Church. Mrs. Harry McAdam read the Bible lesson and Mrs. Percy MacMullen dedicated the offering.

The story of the hymn written by F. R. Havergal was read by Mrs. Wm. McAdam and a hymn of consecration was sung by all.

Mrs. Ross Jeffsf read an article on love and Mrs. Herbert Smith gave an Easter message based on "The Cross." The convener read the story of the hymn writer George Matheson whose life span was 1842 to 1906, followed by one of his best known hymns, "O Love That Will Not Let Me Go."

Mrs. Knight voiced thanks to all who had made the meeting a success. Following an Easter hymn Mrs. Burton Sharpe and Mrs. Raymond McConnell furnished light refreshments.

The Ontario Safety League quotes an interesting explanation offered by a driver arrested for exceeding 100 m.p.h. "Headlights of cars behind me irritate me, so I was trying to stay far enough ahead of everyone so I would not be bothered by their lights."

## Stirling W.I.

Wednesday afternoon proved most interesting when the Canadian Industries Women's Institute convener made plans for the members to tour the Elaine Footwear. Greeted by the Office Receptionist Mrs. Carl Bosiak, the ladies were taken to the waiting room where they were introduced to the Vice-President, Mr. John Svoboda who explained fully the output of shoes, number of employees, wages, leading styles in shoes and colours.

A tour was then made of the plant with each operation being explained. The supply room of materials and the finished produced in the Fashion Room were also viewed. Mr. Svoboda was thanked as everyone was most pleased with this friendly educational tour.

**Meeting**

The ladies then were welcomed by the afternoon hostess, Mrs. Russell Rupert.

President Mrs. F. Smith welcomed everyone including ladies woh didn't tour the plant and the meeting was opened in the usual manner. Roll call was answered by naming a Canadian tree and its use by 11 members and one visitor.

The Treasurer's report was given by Mrs. W. C. West. Correspondence included a prize list from the Belleville Fair Foard, Ladies' Division, for a display from the Women's Institutes; an invitation to Pine Grove W.I. for their Extension Service plan on "Food Shopping in the 60's," and a new project in homemaking for senior members.

Plans for the District Annual were finalized; also a report was received from the executive meeting of the District held at Leslie's Board Rooms, Belleville, at which Mrs. B. Reid and Mrs. F. Smith were in attendance.

The President announced that at the April meeting the District President Mrs. G. A. Harrington will visit Stirling Branch.

Some quilts were on display, also donations of materials were handed in for the same use. The W.I. will again be represented on the prize list for the Festival of Sacred Praise with the usual gift of Bible. To the Stirling Fair Board, Ladies' Division, a prize will be offered "for a new homemade quilt" by a new exhibitor.

**Programme**

The programme held a note of interest when the Public Relations Officer, Mrs. L. Bronson, invited the first prize winner in the Public School Speaking Contest for this Area to come and give her address on "The Story of Electricity." Mona Aide, a little Stirling girl of 13 years was well deserving of first place in the contest and found unanimous favour with the W.I. members. At the close of this interesting presentation a gift of money was handed to Mona, wishing her further fortune in the speaking contest.

Mrs. D. Luery gave an Easter reading entitled "One Solitary Life — the Life of Christ." Mrs. M. Ayrhart gave a reading on the representation of 280 thousand Boy Scouts who attended the funeral of King Paul in Greece. Mrs. B. Reid put on a bird contest.

A surprise was given to one of the members, it being the occasion of her birthday. The President brought in a lighted birthday cake and all sang "Happy Birthday" to Mrs. W. C. West.

A delicious lunch was served by the hostess and Mrs. D. Luery, Mrs. F. Smith and Mrs. L. Bronson.

Mrs. Arnold Wannamaker moved a vote of thanks to all who in any way made the afternoon such an enjoyable one.

The school room was decorated with green shamrocks in bold array and their was a large assortment of potted plants and flowers in bloom.

The children's scrapbooks on various subjects and a collection of molded articles fashioned from salt and corn starch were on display.

Miss Grace Pitman, A.T.C.L., Music Supervisor, accompanied the various choruses contributed by the school children and these included "The United Nations" and two Irish selections.

The special programmes available to all in attendance enabled the guests to follow through without a chairman. A silver collection was taken for the Junior Red Cross.

After the opening choruses Mrs. Morton voiced a welcome to all and said some of the children were making their first public appearance. The junior boys gave two action songs and the school children rendered a couple of two part selections. Individual piano music was contributed by Doreen Hubble, Janet Scott, Bonnie Williams, Jeannette Hoard and Janet Spencer.

Two of the speeches recently given in the Public School competition were repeated with Glen Spencer speaking on the subject, "An Outstanding Scientist Edward Jenner" and Brenda Campbell, "Fire, Friend or Foe."

With a record player the pupils gave "Exercises to Music." Billie McArton contributed music on the chord organ of pioneer vintage. Kenneth Couch rendered two selections of accordion music and later he and Gordon Morton gave an accordion duet. Lorraine Jeffs and Brenda Campbell contributed a piano duet.

**Pictures on Trip to Mexico**

Mrs. Gordon Bailey, Stirling, gave a very interesting commentary of their recent visit in Mexico and Mr. Bailey was in charge of the projector. The slides were very colourful with lovely floral scenes, views of various market stands which depicted numerous articles including lovely flowers. There were also views of cathedrals, ancient buildings, desert scenes and pictures of the natives at work and play, children at school and massed choirs; also special outdoor scenes in front of buildings. The views were both informative and enjoyable. Mrs. Morton voiced thanks for their portrayal.

At the close the school children served refreshments and all enjoyed a social half hour.

## River Valley W.I. Euchre Party

On Friday evening, March 13th a St. Patrick's Card Party was sponsored at the River Valley School House on the Frankford Road by River Valley Women's Institute. The convener was Mrs. Allan McDonell and she was assisted by Mrs. Percy Craighead and Mrs. Ross Bush. There were fifteen tables of euchre with twenty-five guests in attendance from Bradley Bay, Stockdale, Wooler, Frankford and Stirling; also ten Institute members.

## Historical Society Holds Meeting

On Monday evening, March 16th, a large number of members and guests met at Corby Library, Belleville, for the first meeting this year of the Hastings County Historical Society.

The Chairman, President Gerald Boyce, very capably and quickly brought the audience up to date with winter achievements at the Museum and conducted the business necessary.

Mr. Tom Ransom gave a preview of anticipated talks and discussions for future programmes which sounded most interesting. Mr. Martin, Treasurer, gave a survey of the finances, stating $3574.70 had been raised and $2552.05 for expenses. He was kept busy writing out membership cards as it was time to renew these. This year the $2.00 membership fee will admit you any time to the Museum. $5.00 — a family membership — admits all school age children and parents.

**Programme**

The programme consisted of two short talks which proved very interesting and informative throughout. Mrs. G. D. Williamson explained some interesting and unusual slides from the Toronto Museum, depicting the coming and growth of the earliest settlers. These showed in a concise way how they lived and worked and the use and type of the settlers' first implements and tools used.

Mr. Ransom in a different way, gave the growth of musical boxes by using a recorder. In this way his listeners heard bells, one of the first instruments played as they sounded 500 years ago. Then came the introduction of the music boxes on the principle of the steel comb. Even pocket boxes were made. Then the cylinder type and its growth into the player piano, the organ, street organs, etc. the invention of the phonograph and the disc players. The recorded descriptive talk was interspersed with examples of the music as it sounded at that time.

Mrs. Bedell won the door prize, a map of Hastings County printed in 1898.

Mrs. J. Sargent, Curator, invited all to the Museum to see the military collection now on display before it is changed to the workshops on Monday evenings.

Mrs. George Heasman, Miss Jane Gay, Mrs. Roy Bush and Mr. Chas. Pearce attended from the Stirling area.

## Oddfellows Sponsors of Youth To U.N. Pilgrimage

A teen-age High School student from either Tweed, Marmora, Madoc, Stirling or Campbellford will be selected by competition to take part in this year's 15th annual United Nations Pilgrimage for Youth sponsored by the Independent Order of Odd Fellows and its sister organization, the Rebekahs. The student selected to receive this enviable award will attend United Nations Headquarters for one week, as an observer.

Students eligible to take part in the contest are those who are at present juniors who will not be more than 17 years of age by August 1st, 1964. The selected student must be in good health and physical condition.

The United Nations Pilgrimage for Youth project has been on the approved list of the National Association for Secondary School Principals for the past eight years.

Final candidates from each school will be required to fill out a "Candidates Experience Sheet" to determine comparative qualities of scholarship, leadership, character, interest in community affairs, concern in world affairs and general fitness to participate in the project.

The winner will be determined by a public speaking contest among the ranking contestants. The contest must be completed and the delegate selected by the end of March.

More than a thousand students from all over the U.S.A. and Canada will take part in the 15th Annual United Nations Pilgrimage for Youth. The project has been widely praised as one of the most outstanding in the country for educating teenagers in international understanding.

During their week in New York, delegates will observe the UN in action, tour the UN buildings, listen to behind the scene explanations of various departments and agencies, witness councils and committees in session, hear business conducted in the five official UN languages, have meals at the UN Delegates' Dining Room, and interview representatives of various member nations.

One evening will be devoted to a fascinating visit to International House where graduate students from many countries live under one roof. An added feature of the 1964 Pilgrimage will be a day at the New York World's Fair, the theme of which is "Peace Through Understanding," and the symbol for which is the unisphere.

## Kemptville Agric. School Royal

Principal A. M. Barr said three things were noticeable about the 35th annual Kemptville Agricultural School Royal, which drew a record crowd of over 700 Tuesday and Wednesday, March 10th and 11th; the general excellence of the educational exhibits, the calibre of showmanship and the tremendous contribution of the Home Economics Division.

Dr. J. C. Woodward, Assistant Director General, Research Branch, Central Experimental Farm, Ottawa, a regular Royal judge, said, "It may be a combination of more advanced students and better instruction for the exhibits are the best I've seen here."

Mr. Ernie Burton, Vars, who judged showmanship, stated, "There were more good showmen and women here today than usual and none who were poor."

The combination of Fashion Show and Royal plus demonstrations by girls in the Home Economics Division, which were new ideas implemented by Miss Shaver brought her staff and students many fine compliments. When asked for a comment she replied, "I couldn't pick out any girl as being special, I was just thrilled by the general performance of everyone — the beautiful finishing of the clothing, the presentation of exhibits and the contributions of the girls to the whole Royal."

Keith Shier, Ontario County, became Grand Champion Livestock Showman, Barry Carscadden, Russell County, Reserve Champion; Hugh Snoddon Victoria County, the Grand Champion Showman, Ray Pender, of Renfrew County and Melville Shannon, Grenville County, tied for Reserve Champion.

Home Economics awards were divided among Irene Gfeller, of Grenville County; Marlene Hughes, Welland County; Norma Shea, Peterboro County; Valerie Smith, Prince Edward County.

## OF MANY THINGS

(By Ambrose Hills)

HAPPY BIRTHDAY, CANADA!

Canadians often give the impression of being a pain-wracked, problem-ridden people, devoted to planning things down to the last painful detail. In 1967 they will be 100 years old . . . and already the birthday plans appear to be forged in anguish and argument, enmeshed with problems of bi-lingualism and multi-culturalism. The wordsmiths and intellectuals have tormented the subject in seminars, panels, discussion groups and dialogues, until it has almost bogged down. And then came some light!

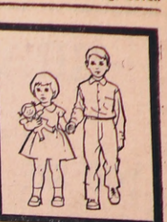
A blunt, outspoken business man, Oakah Jones, President of The Consumers Gas Company, was invited to speak on Canada's birthday year to the Ontario Association of Architects. I have just read a copy of his speech, and I feel like shouting yippee.

He called for a little less rigid planning and a bit more spontaneous response, some enthusiasm, and lots of gaiety. He suggested we aim for a party that will bring happy recollections that will go on for years afterwards. Let's not fight about what kind of government help we are going to get for this project or that one — let the people put on a party of their own; a celebration. And it ought to be a colourful one, because we've so many racial backgrounds, so many ethnic groups that have retained their traditions along with their Canadianism.

It starts to sound like fun. It begins to become the kind of party that will bring Americans and Europeans flocking into Canada in 1967 to celebrate with us a real party — not a tear-stained debate about our various problems. And they'll go home saying, "What a whale of a wonderful party!"

So let's all catch the spirit. Let's tell the world we're going to live it up a little in 1967, and they're welcome to join us in the fun. We have a few problems, true; but we've plenty to be gay about as well.

# ADOPTION OPPORTUNITIES



**Many fine happy children are in the care of Ontario's Children's Aid Societies. Boys and girls are available for adoption. They need new mothers and fathers who will accept them as their own.**

FOR PROTESTANT FAMILIES

BRYCE is a clean cut and pleasant looking lad. The type of son to be proud of. He has hazel eyes, brown hair and a clear complexion. He had a heart ailment, but now can lead a normal life. He plays on a hockey team and is a keen sportsman. He is an excellent student and would like to be a lawyer. Bryce is in Grade 10 at 14 years of age. This boy wishes to belong to a family. If you are an older couple you would be most fortunate in becoming Bryce's parents.

NOREEN is a 15 months old Protestant baby with a relaxed, good-natured temperament. She is a bright and attractive baby with brown eyes and hair and some Negroid facial features, from her Canadian and coloured ancestry. Noreen likes other children and would fit into a warm-hearted family setting.

SARA is a petite well built Protestant girl with brown eyes and hair, and of nice appearance. She has good intelligence and is vivacious and outgoing. Her nationality is Greek and she is 12 years old. This girl needs warmth and attention from older Protestant parents. Are you the parents for this attractive 12 year old girl?

MARGOT is a Protestant Anglo-Saxon and Dutch girl of 2½ years. She is slight and dainty with blue eyes and curly brown hair. She has fine, even features and is very attractive looking. The pupil of one eye is slightly enlarged, but this does not affect her sight or detract from her appearance. Her intelligence is high and she is active, independent and temperamental. There is a history of mental illness in her background and the couple adopting this child must be aware of this.

FOR CATHOLIC FAMILIES

TOM is an active, alert baby of four months who is developing well. He has brown eyes and hair with an olive complexion. He is Anglo-Saxon and Peruvian Indian. This young Roman Catholic lad will need bright parents to keep up with him in the years ahead.

CORA has an attractive, slightly oriental appearance, and is a lovely Roman Catholic baby of 20 months. She is a happy, good-natured little girl with dark eyes and hair and a clear complexion. Very little is known about Cora's background, but she is developing at a good average rate.

ALFRED is a contented, happy Canadian Roman Catholic boy of 1½ years. He is a sensitive lad and would be unhappy with aggressive, noisy parents. Al is a healthy boy with good mental ability and an unassuming manner. He would like quiet, gentle parents.

TIMMY is a dear little, Roman Catholic Dutch boy of 16 months. He has brown eyes and hair and a round face with an alert expression. He is a bright boy interested in everything around him. Timmy would be happy to be adopted now.

Married couples, interested in adopting these or other children, ask your local Children's Aid Society, or write to:

General Motors Products of Canada,
Oshawa,

Gentlemen:

For years I have used Chevrolet trucks for my city and country deliveries. I have always had really good service from them, with very little trouble. I recently traded a 1954 cab-over-engine model which had cost only $200.00 in repairs since new. A 1957 truck which I bought new is still running well with original parts throughout. From engine to rear axle, everything is original.

This kind of long service has convinced me that I buy the right trucks when I buy Chevrolet. Gas mileage is better than on any other make of truck I have owned, and my drivers tell me that there's lots of power there for their heaviest loads.

A multi-stop operation such as mine is hard on all parts of a truck but from my previous experience, I know my new Chevrolets will stand up to the job.

Yours very truly,

Mel Hill

## Ross Kirn's Dodgers Legion Champs

On Friday evening the fourth game of what had been intended as a 2 out of 3 series was played at the RCAF Station, Trenton, and Ross Kirn's "Dodgers" were winners over Bill McMullen's "IGA" crew.

The first game of the series had been won by Bird's IGA by a score of 3 to 2. The second game ended in a 1 to 1 tie, and in the third game Ross Kirn's Dodgers defeated Bill McMullen's IGA by a 3-1 score.

**Final Game**

The final game was a very closely contested affair with 2 goals being scored in the final period, both by Peter Utman assisted by Dave Wellman and then Gordon Sills. The balance of the game was very close and Kony Dykstra played a strong game in goal for the Dodgers.

At the completion of the game the Stirling Legion Trophy was presented to Captain Peter Utman by President Al Lawes of Stirling Legion Branch No. 228 and thus ended another successful year of The Stirling Pee Wee Hockey League.

The players of the champion "Dodger" team which was coached by Ross Kirn are as follows: Peter Utman, captain; Kony Dykstra, Gordon Sills, Bob Sills, Jack Sills, Ken McCurdy, Jim Fargey, Dave Donnan, Ted Clarke and Dave Wellman.

## Help Crippled Children Through Purchase of Seals From Rotary Club

The 16,149 crippled children in the province, living on farms or in city homes or in remote northern hamlets, know that the 1964 Easter Seal campaign means hope. To them the Easter Seals bring treatment and training, a possibility of independence and relief from the physical handicaps that birth, illness or accident have left with them.

Last year the Ontario Society for Crippled Children, whose only appeal for funds is made in the annual Easter Seal campaign by 230 service clubs, carried out its biggest programme in all its history. This year, the more than 16,000 youngsters who are listed on the Society's rolls as "active" cases will have increased because Ontario's swiftly growing population means hundreds of new cases each year. The provincial objective of this year's Easter Seal campaign, is $1,000,000.

The organization that cares for this number of children is amazingly small. A tightly knit office staff at headquarters in Toronto, a score of highly trained nurses, a corps of volunteer doctors and an army of public spirited citizens who give freely of their time. The result is a volume of service out of all proportion to the money spent on the work.

This work takes several forms. There is a nursing service made up of 28 graduate nurses each of whom has taken a special post-graduate course in orthopaedics. The summer camp programme which includes the operation of 5 different camps provides holidays for more than 1,200 children who would otherwise have no such vacation because of their inability to attend conventional camps or other summer vacation locations. This is the biggest crippled children's camping programme of any single political area in the world.

Clinics, transportation, the provision of crutches, corrective braces, wheelchairs, research and many other such activities are how the Easter Seal funds are providing the means for alleviation of suffering, and in many cases the removal or reducing of handicapped conditions.

It is reassuring to know that every Easter Seal gift will be of some help to a crippled child.

**Play In Marmora Saturday**

The second game will be played in Marmora Arena on Saturday night next, March 28th, when the locals hope to add another victory.

According to reports from the first game the locals had a good margin on the play and but for the outstanding game by the homesters' goalie might have had a larger margin in the scoring summary.

For the locals R. Vandervoort and J. Noble were the scorers. Camp Borden got the lone tally in the dying minutes of the final period.

## Cancer Campaign Being Organized For District

Chairman J. V. Holt of the local Cancer Committee Campaign, announces that arrangements for a canvas of the Stirling area are practically complete. A meeting of the canvassers will be held in the I.O.O.F. Hall, Charlotte St., on Tuesday next, March 31st, when final arrangements will be completed.

Anyone wishing to volunteer as a canvasser is asked to contact any member of the executive. Other members, in addition to Mr. Holt are Mrs. E. Burgess, Dr. W. Hipwell, Mrs. Basil Kuglin, Rev. F. Crook, Eugene Burrell, L. Rawlings and G. C. Mouck.

## Women of the Presbyterian Church To Observe Anniversaries

One hundred years ago, in the City of Montreal, a small group of women came together to assist the Church of Scotland in its French mission work.

This year, the women of the Presbyterian Church in Canada will gather in Montreal on May 8th, 9th and 10th in the Church of St. Andrew and St. Paul, to commemorate a century of organized Presbyterian women's work in Canada.

Almost immediately after its formation this small group supported a missionary at Cote St. Paul and started a school on Dorchester Street. A few years later they secured the services of a French Bible Woman, Madame Cote, who ministered to the French poor for over 30 years. Working among the English-speaking poor at the same time was a deaconess, Miss McIntyre.

As interest increased in the larger mission of the Church, money and clothing were sent to India, and the salary of Dr. Lucinda Graham, in Honan, China, was underwritten. A few years later, in 1900, Dr. Susan McCalla was sent to India and in 1901 Miss Agnes Dickson and Miss Isabella Little started work among the women and children in South China.

**Woman's Missionary Society**

In 1904 the name of this group became "The Woman's Missionary Society." These were the beginnings in Montreal.

## "The Nutt Family" 3-Act Comedy Draws Large Appreciative Audience

**Presentation by Members of S. H. Connor Home and School Association, Tweed**

"The Nutt Family," a three-act comedy presented by Tweed talent in the interests of the Stirling Fire Brigade last Friday night in the local theatre drew a large and appreciative audience.

As a result of the venture the local firemen realized a tidy sum, which will be devoted to giving their quarters a more pleasant and friendly atmosphere.

Fire Chief G. C. Mouck acted as master of ceremonies and introduced members of the local Fire Brigade.

Miss Connie Donohoe and Douglas Faulkner, accompanied by Harold Sarles, contributed tap dance numbers during the intermissions.

The confusion arises when the Nutt family poses as prospective buyers for a large summer house which formerly had been a mental home. Some of the arrivals think it is still a rest home, and everyone mistakes everyone else for a bunch of Nutts. The father, Dr. Phineas Nutt (Bill Marsh) helps this along admirably by identifying himself simply by initial as P. Nutt. He is abetted by Mrs. Nutt (Dorothy Goode), daughter, Ima, played by Edith Morash, and by son, Wall Nutt, Harold Miller.

Among the others in the cast are movie actress Sheila Gaylord (Sheila Alford) and real estate agent, Bea Wise (Judy Forbes); the aunt-fleeing Larry Smart, played by Murnie Dillabough, and Lila, who mistakes him for her husband. Lila was played by Marjorie Palmateer.

As the confusion reaches its peak, along come aunt Vivian Tepper (Ruth Crawford) and Charlotte Neal played by Hilda Sexsmith. Just in time Helene Shelton (Edna Blake) cancels her trip to Europe and returns to her home, in time to help sort out the multiple mix-up.

Following the play the visiting cast were entertained at a social hour by the local firemen.

Good driving should always be non-competitive, but the Ontario Safety League recommends one ambitious-sounding practice to all drivers — "Aim high in steering!" Beginning drivers, in particular, should remember that to steer correctly you should aim at least 150 feet ahead at the centre of your driving lane.

But memories of you will never die.

POLLOCK — In loving memory of a dear husband and father, Elvin C. Pollock, who passed away March 23rd, 1963.
God saw what was before you,
And the pain you would have to bear,
So smiling down upon you
He took you in His care.
For we know now you would have suffered,
Had you not answered His call;
So you took the hand of your Maker
And silently left us all.
—Ever remembered by his wife, Flossie, children and grandchildren. 52-1p

POLLOCK — In memory of a dear father and grandfather, Elvin Pollock, who passed away March 23rd, 1963.
One year has passed dear father
Since you were called away,
How well do I remember
That sad and weary day.
You suffered much, you murmured not,
I watched you day by day;
I cried and prayed that your dear life
Would not be taken away.
—Sadly missed by daughter Doreen, Percy, Anne and Ted. 52-1p

The visitor at the insane asylum was interested in a character who stood around with his hand stuck inside his jacket. "Who do you think you are?" he asked. The patient replied promptly, "I am Napoleon." A little later in his tour the same visitor was astonished to find the same character wearing a coonskin cap. "I'm Davy Crocket," announced the patient. "But," said the visitor, "I thought you told me you were Napoleon." "Oh," shrugged the patient, "that was by my first wife."

CANADIAN DEPARTMENT OF AGRICULTURE

**"AN IGLOO FR DESSERT"**

Most people love to eat Baked Alaska but many don't have the courage to make it. It's not really as difficult as it looks and is well worth the trouble for the delight it gives your guests. The home economists of the Consumer Section, Canada Department of Agriculture suggest this novel adaptation — a "Party Igloo" made with vanilla ice cream and either frozen raspberries or strawberries. The "igloo" shape is obtained by packing the ice cream and fruit into a bowl. When unmolded and topped with meringue it indeed resembles an Eskimo's igloo.

To speed up the preparation, the ice cream may be molded ahead of time and the fruit glaze prepared. The meringue should be prepared and browned just before serving.

**Party Igloo**

1 quart vanilla ice cream
2 packages (15-ouce) frozen raspberries or strawberries
2-3 cup syrup, darined from berries
2 teaspoons cornstarch
Few grains salt
¾ teaspoon lemon juice (with strawberries)
4 egg whites
⅛ teaspoon salt
½ cup sugar
1 sponge cake layer (7-inch diameter)

Line a 6-cup bowl (7-inches in diameter) with aluminum foil and pack with ice cream to a depth of about 1 inch all around, leaving centre hollow. Cover and freeze until firm.

Thaw fruit and drain well. Gradually blend the 2-3 cup syrup with cornstrach and a few grains salt. Bring to a boil and cook stirring constantly until mixture has thickened and becomes clear, 3 to 5 minutes. Add the ¾ teaspoon lemon juice to strawberry glaze. Cool and mix gently with thawed fruit to coat thoroughly. Turn glazed fruit into hollow in ice cream mold and return to freezing compartment for 5 to 10 minutes, to set fruit filling.

Make a meringue of egg whites, salt and sugar. Place cake on a board or heat-proof serving dish. Turn molded ice cream out on cake and remove foil. Cover with meringue, sealing well to board. Bake in a hot (450 degs. F.) oven, until meringue is lightly browned, 3 to 4 minutes. Serve immediately. Twelve servings.

**Note**

A small size igloo may be made, in a 3-cup bowl, using 1 pint ice cream and 1 package frozen fruit. Quantities given for glaze are the same but only enough glaze to coat the fruit should be used. Meringue should be made with 3 egg whites, 6 tablespoons of sugar and a few grains salt. Size of cake layer must be cut to fit top of mold or bowl.

HOME IMPROVEMENT ONE RESPONSIBILITY PLAN

Takes the Gamble out of Home Improvements

There was a time when a remodelling job was quite a gamble for a home owner. He had to buy materials, arrange for tradesmen and supervise them; approve the work, then scout around for money to pay the various contractors and suppliers. He gambled that everything would turn out right. But those days are long gone now that our LDA ONE RESPONSIBILITY PLAN has taken the gamble out of remodelling.

COSTS

Here's how our plan works: You tell us what improvement you want to make and we give you a firm price for the entire job before the work starts. You know your final cost — no "extras", no hidden costs.

MATERIALS

Then we supply all the materials you have specified and get skilled workmen for each trade employed. They work under our direction to your specifications. When the work is completed we inspect it with you and make sure it is satisfactory.

FINANCING

We'll take care of the financing too if you wish. Our LDA Budget Plan lets you make improvements of up to $3,000.00 and take 5 years to pay for them. Next time you want to remodel use our One Responsibility Plan.

Materials — Labour — Supervision — Financing — All Available at LDA Dealers

## OF MANY THINGS

(By Ambrose Hills)

**I MEET AN INVENTOR**

One of the most pleasant assignments of my life occurred the other day when I was assigned to interview an inventor for a trade magazine story. I met Mr. Frank Sommer, of Winnipeg, inventor of the octopus parallel puller. He's a dynamic, fascinating Austrian in his mid-sixties, who has spent 34 years in Winnipeg and loved every minute of it.

I asked all the usual questions, but I was given unusual and exciting answers, mixed with advice that comes a bit late for me but might be useful to young men and women.

I asked how he came to invent the puller. He told me that in his own shop, pulling problems were terrible — no matter what machines they used, there was nearly always hammering and chiselling to do, and lots of time wasted. When wages went up, that time became costly, so he decided he had to find ways to make the jobs easier.

"I got in so deep, spent so much time and money on devising a puller that I couldn't quit. I was hooked. When I had the principle established (alignment of stress was the principle), I thought I was made. You have to watch yourself. You can see millions pouring in. You could go off your rocker. I knew that nothing in life came that easy . . . and I was right. Years and years and thousands of dollars still had to be spent to perfect the device, to get the patents established, to make up working models." In short, an inventor's life, like a policeman's, is not an easy one.

"Was it easy to find someone to manufacture and sell your puller once perfected?" I asked.

He laughed. Apparently he had everybody in the country eager to make and sell the thing for him. "But that's important — you must have the right manufacturer, the right people."

He had some advice on this point. Go to big people. They got big because they are big in nature and they think big. They are less likely to let you down. He said that in all his business experience, he found that the bigger the Company, the safer he felt. He found he could trust them. They would give him a yes or no, and mean it. And, oddly enough, they seemed more human.

"And never give up. Anything you start, see it through as long as you have any faith in it. And never expect it to be easy — you'll fool yourself if you do."

## Eggleton United Church Women

The March meeting of Eggleton United Church Women was held on Thursday afternoon at the home of Mrs. Murney Kirkey with thirteen adults and one child in attendance.

Mrs. Maurice Clancy, who had prepared the programme on Easter, opened the meeting by reading a poem, "The Resurrection." The devotional period was conducted by Mrs. Seaborn Prest, Mrs. M. Clancy and Mrs. W. Harlow.

The offering and thank-offering envelopes were gathered and dedicated with a prayer by Mrs. Clarence Fitchett. Interesting and informative readings on Easter were given by Mrs. Frank Smith and Mrs. Charles Stapley.

Mrs. Harlow took charge for the business period. Community Friendship Secretary Mrs. B. Stapley read a note of thanks from Mrs. K. Johnson and also reported on cards she had sent out. The Corresponding Secretary read a letter regarding the Stirling Festival of Sacred Praise.

Members handed in pieced quilt blocks. Mrs. Charles Stapley offered her home for the April meeting and Mrs. Bridges and Mrs. Forde Stapley were appointed to prepare the programme. Mr. Dyson spoke briefly.

Mrs. W. McMullen gave some of the highlights of the Belleville U.C.W. Presbyterial she had attended at Napanee.

Mrs. Bruce Stapley gave an interesting account of the recent bus trip to Toronto and the tour of the Overseas Relief Depot, the new United Church House and the Fred Victor Mission.

The meeting closed with reading in unison the poem, "God Bless the Work." Mrs. Clancy conducted a Bible contest on Easter Week. Following this the hostess served a delicious lunch and social cup of tea.

## Monthly Meeting Salem U.C.W.

The March meeting of Salem United Church Women was held in the Church Hall on Thursday with Mrs. Tom Clements as hostess. A quilt was completed with a dinner served at noon.

During the afternoon the President, Mrs. Everett Sine, opened the meeting with the 139th Psalm, followed by the theme song and prayers. The President welcomed all and the roll call answered.

A vote of thanks was extended to Mr. Stewart Brady who had done carpenter work in the hall. Plans for a wedding and sale were completed.

Mrs. Everett Sine presided over the programme. A hymn was sung. Mrs. Tom Clements read the Scripture Lesson from the 31st chapter of Jeremiah. Mrs. Stanley Thompson and Mrs. Sine conducted a study and questionnaire period on the Scripture. Mrs. E. Sine gave a very well prepared paper on "The Bible and why read it." The meeting was closed with the benediction.

## THE BIBLE TODAY

Word has been received from several parts of Central and South America regarding the Bible.

"Dialogue with Jesus" is the title of a new selection of Scripture passages recently published in Venezuela. Using John, chapter 14 and 15, the booklet was printed in Spanish. A half million of these selections are being used in the visitation campaign of Evangelism-in-Depth in Venezuela, this Spring.

"The Light of the Amazon" is the name of the Bible Society's launch which recently completed a month-long sail during which 65,000 Scripture portions were distributed. The Society in Brazil reports a nation-wide distribution of over five million copies in 1963.

The Book-of-the-Month in Central America, in January, was the Gospel of Mark. Promoted by the Bible Societies, the object is to get people to read the Scriptures more systematically. The fact that the various Books of the Bible are available in various languages and versions is advertised widely, in connection with this project.

## Holtein Breeders Hold Successful Sale

Under the gavel of Auctioneer Robt. Sullivan, the Hastings County Holstein Breeds' Club held a successful breeder consignment sale of calves and heifers at the Belleville Sales Arena on Saturday, March 14th, 1964. There were twenty-one entries which included nine junior calves, three senior calves, three junior yearlings, one senior yearling, and five bred two-year olds.

This was the first year for the Club to expand its sale to stock other than junior and senior calves, and also the first time for it to be held in a Sales Barn. Between the changes and the quality of stock offered, a large crowd of interested buyers were present, and the bidding was keen. Mr. Delbert McComb reported on the pedigrees while Holstein Fieldman, Gerald Nelson, acted as ring clerk.

The junior calves averaged $122.00, with top price of $175.00 being paid for the consignment of Ross Jeffs, of Stirling R.R. 3. The senior calves averaged $153.00, with top price of $160.00 going for the entry of George Sutherland, Stirling. The bred two-year olds averaged $244.00, giving a sale average of $159.00.

The breeders, the buyers and the sales committee are to be congratulated on the fine breders' sale.

## Hog Producers Plan Competition

Mr. Murney Bateman, President of the Hastings County Hog Producers' Association, announced this week that the Association have finalized plans for a County Grade "A" Hog Carcass Competition.

The quality of the hogs marketed in Hastings is not something of which to be ashamed but it is the hope of the Association to raise the percentage of Grade "A" carcasses to over 50%. To do this the Association realizes the first requirement is that the breeders use quality breeding stock. The local Association has in the past assisted in the purchasing of approved boars, and this year is not only doing that but also assisting 4-H members in purchasing Advanced Registry gilts.

The Competition will be open to all hog producers in Hastings County, and will be based on all hogs marketed within a year; the grading slips being sent in monthly to the Ontario Department of Agriculture, Stirling. Thus, each month the high producers for that month may be announced. However, the prizes will be based on the yearly sales.

**Classess:**

1. Those hog producers who market 10-25 hog carcasses.
2. Those hog producers who market 26-75 hog carcasses.
3. Those hog producers who market 76 and over hog carcasses.

## Hastings County 4-H Member Goes To Newfoundland

Owen Ketcheson, Moira, is the 4-H delegate to Newfoundland. As one of the nine Ontario 4-H members, he will participate in the second Inter-Provincial 4-H Exchange during July of this year. Each of the ten Provinces will act as host to one 4-H member from each of the other nine Provinces. The four young women are members of 4-H Homemaking Clubs, the other five being members of 4-H Agricultural Clubs.

Owen is enrolled in the Diploma Course at Macdonald College, and is treasurer of the Animal Science Club there. He has been in 4-H work for eight years and has completed projects in dairy calf, corn, forage, grain, swine and electric. His interests include music and sports. He has had several offices in 4-H clubs. Owen has represented his county on Judging Teams at the Ottawa Winter Fair, and Provincial Inter-Club Competitions, and was named the outstanding 4-H member in Hastings for 1962.

## CONSERVATION NEWS

**NOTICE TO FISH HUT OWNERS**

Persons who have fish huts on the ice of district lakes are reminded that these must be removed by the 31st of March.

Some have already removed their huts because of the mild weather and the possible hazards that may be involved later on in the month.

Those who venture out on the ice surface of lakes now should be extremely cautious as surface run-off has weakened the ice around creek and river mouths for a considerable distance out from shore.

When you remove your ice hut clean up the ice surface. Any old pieces of lumber, cans, bottles, etc. — take it with you.

## CJBQ Radio To Honour 40th Anniversary of RCAF

Two outstanding musical events celebrating the 40th Anniversary of the establishment of the RCAF, have been planned by CJBQ Radio.

On April 2nd at the Belleville Collegiate Auditorium and at Trenton High School Auditorium on April 3rd, the Air Transport Command Band and the RCAF Pipes and Drums will be featured in a musical salute to the RCAF.

The two Concerts, each with a different musical program, are scheduled for 8.30 p.m. and admission will be by ticket only. Free tickets are available from CJBQ's offices in Belleville and Trenton during office hours.

Mayor Jack Ellis of Belleville and Mayor James MacDonald of Trenton will be attending the Concerts to bring civic greetings to the RCAF from their municipalities.

It is understood tickets are strictly limited and will be issued on a first come first served basis.

The Air Transport Command Band and the RCAF Pipes and Drums have appeared in many United States and Canadian Cities. Their Concerts have provided many thousands of listeners with long remembered musical evenings.

Radio Station CJBQ is also planning to broadcast a live description of an Aniversary fly past of various aircraft during the Anniversary celebrations April 1st. The fly past will take place at low level over Belleville and Trenton at one o'clock in the afternoon.

## The Good Driver

Traffic brought tragedy to a record number of people in 1963. There were 1,421 deaths, 47,801 injuries. Apart from some presumed suicides, and possibly a few murders, in each case the tragedy arose from one or more vehicles going "out of control."

In some instances the loss of control leading to a crash is unavoidable, arising from a genuine, unpredictable "accident." But far too often, says the Ontario Safety League, control of a car is lost because it is being driven in a way that invites, or dares disaster.

In an editorial the Galt Evening Reporter asks: "Is it car or driver who is 'out of control?' " In news reports of smash-ups, icy roads, poor visibility and blizzard conditions are often "blamed." The plain fact is that ice, snow and low visibility have about as much to do with these accidents as do the trees, telephone posts and ditches into which automobiles are hurtled.

Most of the accidents blamed on "loss of control" are not only avoidable; they have nothing to do with "control" at all. Here are just a few of scores of instances:

A driver who finds he cannot stop at a corner because of snow on the road "lost control" because he knowingly drove at a higher speed than driving conditions and his tires warranted.

A car whose driver fails to make a curve on a highway was not "out of control." It was being driven too fast.

A driver who plows into a stalled car at night has not "lost control." He was driving beyond the safe-stopping distance of his headlights.

An automobile smashing into the rear of a car stopping ahead of him is not "out of control." The tail-gating driver was riding too close to the car ahead, or was not watching for brake signals.

When you read about an accident being caused by ice, snow, blizzards or curves throwing the car "out of control," the cause nine times out of ten was sitting behind the wheel flouting the laws of safety and common sense.

Research has greatly improved operations in the woodlands.

## Food Shopping In Sixties Subject of Home Economist

(By Mrs. Percy MacMullen)

On Thursday, March 19th, Pine Grove Branch Women's Institute under the leadership of their President, Mrs. Alex Tanner, sponsored a Home Economics short course on the subject "Food Shopping in the Sixties" at the new educational centre of Marsh Hill United Church.

Miss Mary McInnes, Home Economist with the Ontario Department of Agriculture at F.W.I.O. Headquarters, Toronto, gave an informative and educational commentary from ten until four o'clock. Two other branches were represented, River Valley and Uniondale. Three other nearby branch Institutes did not accept the invitation.

The morning session opened with a resume of a survey conducted by the national Health and Welfare department. Many factors which affect food shopping were examined. Various brands of food, grading, processing, packaging and labelling at both the manufacturers' and wholesalers' levels were discussed.

A leaflet on "Canada Food Grades" stressed that the word "Canada" in a grade means that the product has been graded according to federal standards. Another leaflet gave a full list of cereals which are on the market today with the relative cost per serving. A copy of each was given to those in attendance. Various other booklets were displayed for the group to view at the noon hour and included books which could be purchased.

**Retail Methods**

Store arrangements and display methods at retail level gave an informative idea of the vast planning of these stores who are food dealers. There are many resources to consider such as money, time, space, energy, equipment, etc., but it is most important to learn the best methods of buying, storing and preparing various foods.

Vegetables are best cooked until just tender and the juice is valuable in soups, etc.

Miss McInnis gave a resume of what foods freeze or can to the best advantage, and passed along many good ideas for planning menus, marketing once a week, and stressed that each housewife know her own groceries and buy what is best for her own household.

"Canada's food guide" was displayed on a flip sheet and the speaker said the cause of many bone breakages in older people was the lack of calcium in the bloodstream.

**Compare Lemon Pies**

At this juncture Mrs. Harry Coulter and Mrs. Roswell Reid each made a lemon pie. There were two trays with all ingredients in readiness. One lady used all prepared food and the other made her pie in the old fashioned way. These pies were sampled in the afternoon and both were luscious and tasty. The only difference was that it took less time and fewer dishes to use the prepared food whereas squeezing two lemons and making pie crust absorbed time.

The commentary covered the various kinds of milk and cream on the market and outlined which vegetables were best buys at this time of year.

At noon the ladies sampled three kinds of peaches, fancy, standard and second quality and gave their opinions. All enjoyed their own box lunches and the hostess group furnished tea and coffee.

The afternoon session centred on modern advertising, the value of vitamins in food, presifted flour, and many items common on a grocery list.

A film strip gave a food demonstration of the various grades of meat, eggs and dairy products.

**Tell Storekeeper If Pleased**

The last hour was devoted to detergents, honey, tea, etc. and a chart giving the exact cost of a store pie and a homemade pie. The speaker stressed that if the housewife is pleased with a certain product then she should tell her storekeeper and he will be glad to know.

Mrs. Alex Tanner voiced thanks to Miss McInnis for the educational commentary. Mrs. Percy MacMullen expressed appreciation on behalf of River Valley W.I. and Uniondale W.I. for the kind invitation to share such a worthwhile course on food shopping. She also voiced thanks to Miss McInnis for her interesting message.

The Home Economics Service programme for Ontario is under the direction of Miss Helen McKercher of the Extension Branch and it is planned to help rural women and girls to understand principles and to put them to use for the betterment of home and family life.

These courses are free to any rural group if they contact the County Economist. Over 30,000 homemakers and girls participate in these programmes annually.

Nobody ever gets anything for nothing, but a lot of people keep trying.

## Women Celebrate Anniversaries

(Continued From Page One)

Early in 1876, the Toronto daily papers carried notices of a meeting to consider forming a Woman's Society for Foreign Missions, and on March 21st, 1876, the Woman's Foreign Missionary Society was organized. In 1883 this Society adopted the motto "The World for Christ." This is still the motto of the Society, and will be the theme of the celebrations in Montreal.

**First Presbyterian Hospital In Canada**

With the discovery of gold in the Klondyke and the subsequent opening up of the Canadian west, a need arose for help at home. The Rev. John Pringle, ministering to 1,200 miners in Atlin, B.C., asked the women of the Church to send out Christian nurses at once, as men were dying for lack of care. The Atlin Nurse Committee was formed, and included representatives from nearly every Presbyterian congregation in Toronto. In July 1899, Miss Elizabeth Mitchell and Miss Helen Bone arrived in Atlin.

Their first hospital was a small cabin with a mud roof and sawdust floor, and held 4 cots. When the cabin became crowded a tent was put up beside it. The following Spring everyone in camp gave free labour and St. Andrew's Hospital — the first Presbyterian Hospital in Canada — was erected.

As the Home Mission Work of the Church grew, more Hospitals were opened and Schools and Residences built and the Women's Home Missionary Society was born in May 1903.

On May 15th, 1914, in Knox Church, Toronto, these three Women's Groups came together to form the Women's Missionary Society (W.D.) of the Presbyterian Church in Canada.

This, then, is a double celebration — 100 years of organized Presbyterian Women's Work, and 50 years since the amalgamation of the three Groups.

**IT WAS SAID**
